Avis de bills privés

107. Toute demande adressée au Parlement pour obtenir un bill privé doit être annoncée par avis publié dans la *Gazette du Canada;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et désigner l'adresse des signataires; et si la demande a pour objet l'obtention d'une loi en constitution de corporation, l'avis doit aussi mentionner le nom de la compagnie dont la constitution est projetée.

Outre l'avis dans la *Gazette du Canada,* comme susdit, pareil avis doit être donné de la façon suivante:

(A) Lorsque la demande a pour objet l'obtention d'une loi constituant en corporation:

1. *Une compagnie de chemin de fer ou de canal*—dans un des principaux journaux de la principale cité, ville ou village de chaque comté ou district par où doit passer le chemin de fer ou le canal dont la constitution est projetée;

2. *Une compagnie de télégraphe ou de téléphone*—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire dans lequel la compagnie se propose d'exercer des opérations;

3. Une compagnie ayant pour objet *l'exécution d'entreprises* dont l'exécution ou l'exploitation pourrait spécialement affecter une localité particulière, ou cherchant à obtenir des *droits ou privilèges exclusifs,* ou voulant accomplir toute affaire ou chose dont l'accomplissement affecterait les droits ou propriétés d'autrui—dans un des principaux journaux de l'endroit ou des endroits particuliers que le projet de loi peut affecter;

4. *Une compagnie de banque; compagnie d'assurance; compagnie fiduciaire; compagnie de prêt* ou *compagnie industrielle,* sans pouvoirs exclusifs—dans la *Gazette du Canada* seulement;

5. Et si les entreprises d'une compagnie (constituée ou à constituer) doivent être déclarées d'utilité publique au Canada, cette intention doit être expressément mentionnée dans l'avis, et les requérants doivent adresser une copie de cet avis, sous pli recommandé, au secrétaire de chaque conseil de

comté et de chaque corporation municipale pouvant être particulièrement affectée par l'exécution ou l'exploitation de ces entreprises, ainsi qu'au secrétaire de la province dans laquelle des entreprises sont ou peuvent être situées; et la preuve de l'observation de cette prescription par les requérants doit être établie par une déclaration statutaire.

(B) Lorsque la demande a pour objet de modifier une loi existante:

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient—l'avis doit être le même *mutatis mutandis* que celui pour l'obtention d'une loi constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres entreprises déjà autorisées—dans un des principaux journaux de l'endroit où la compagnie a ou est autorisée à avoir son siège social;

3. Afin d'élargir les pouvoirs d'une compagnie (sans comporter attribution de droits exclusifs); d'accroître ou de réduire le capital social d'une compagnie; ou d'augmenter ou modifier son pouvoir d'émettre des obligations ou ses autres pouvoirs d'emprunt; ou de présenter un amendement pouvant porter atteinte aux droits ou aux intérêts des actionnaires, des détenteurs d'obligations ou des créanciers de la compagnie—dans un des principaux journaux du lieu de son siège social.

(C) Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, doivent être publiés au moins une fois par semaine pendant quatre semaines consécutives; et lorsqu'ils sont publiés dans les provinces de Québec et du Manitoba, ils doivent être en langues anglaise et française.

Des exemplaires marqués de chaque numéro de tous les journaux contenant l'avis doivent être adressés au greffier du Sénat et porter la mention: "Avis de bill privé"; au lieu des journaux, une déclaration statutaire attestant que l'avis a été régulièrement publié peut être adressée au greffier du Sénat.

Tout avis adressé sous pli recommandé doit être mis à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale deux semaines au moins avant l'examen de la pétition par le comité des ordres permanents; et une déclaration statutaire établissant le fait de la mise à la poste doit être transmise au greffier du Sénat.

108. Nulle pétition demandant la constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, ne doit être étudiée par le comité des ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé de l'entreprise, ainsi que chaque comté, canton, district ou municipalité par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement dont la construction est projetée.

110. Toute pétition tendant à obtenir un bill privé ne sera reçue par le Sénat que si elle a été déposée chez le greffier du Sénat au cours des six premières semaines de la session; et tout bill privé introduit au Sénat doit être présenté au Sénat dans un délai de deux semaines après que l'examinateur des pétitions ou le comité des ordres permanents aura fait un rapport favorable à la pétition se rapportant à ce bill; et aucune motion demandant la suspension du présent ordre permanent ne sera prise en considération à moins que le comité des ordres permanents n'ait au préalable présenté un rapport recommandant pareille suspension.

114. Toute personne qui désire présenter un bill privé doit remettre au greffier du Sénat, s'il est projeté que le bill prenne naissance au Sénat, une copie du bill en anglais ou en français, avec un montant suffisant pour en payer la traduction, laquelle sera faite par les fonctionnaires du Sénat; elle doit aussi payer les frais d'impression de 600 exemplaires anglais et de 200 exemplaires français. Le requérant doit pareillement verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant sa mise à l'étude par le comité auquel il est renvoyé, la somme de deux cents dollars avec les frais d'impression de la loi pour l'incorporer dans les Statuts; et il doit remettre au greffier de ce comité un reçu de ce versement.

La taxe à acquitter lors de la deuxième lecture d'un bill n'est payée qu'à la Chambre où le bill est présenté.

Modèle d'un bill amendant une loi

60A.—(1) Dans la confection des bills amendant des textes législatifs existants, les amendements ne doivent pas ordinairement être effectués au moyen de clauses qui ajoutent, retranchent ou remplacent des mots, mais au moyen de clauses qui réédictent l'article, le paragraphe ou la disposition, telle qu'amendée.

(2) Dans le texte du bill, sur la page de gauche, le nouveau texte doit être indiqué par les signes typographiques les plus appropriés à chaque cas; crochets, italique, texte souligné, astérisques, etc. En regard de chaque clause, sur la page de droite, le texte amendé par le bill, ou la partie importante de ce texte doit être imprimée, et les changements projetés doivent y être indiqués de la manière prévue ci-dessus.

(3) Lorsqu'une clause abroge un article existant, un paragraphe ou une autre disposition d'un article, cet article, ce paragraphe ou cette autre disposition, ou la partie qui en est importante, doit être imprimé en regard de la clause.

(4) Un mémoire du rédacteur expliquant brièvement les motifs de chaque clause doit être annexé au bill, ou distribué avec le bill. Lorsque possible, le mémoire doit être imprimé sur la page de droite du bill, en paragraphes placés en regard des clauses visées, et portant un numéro correspondant.

(5) Les règles ci-dessus s'appliquent, autant que possible, à la réimpression des bills.

L. C. MOYER,
Greffier du Sénat.

(C) Lorsque la pétition a pour objet d'obtenir, pour quelque personne ou corporation existante, des droits ou privilèges exclusifs ou encore la faculté d'accomplir une chose dont la mise en œuvre intéresserait les droits ou biens d'autrui, il est publié un avis dans les localités où les affaires, les droits ou les biens d'autrui peuvent être spécialement compromis par la loi projetée.

(3) Tout avis de ce genre, qu'il soit inséré dans la *Gazette du Canada* ou dans un journal, doit être publié au moins une fois par semaine durant une période de quatre semaines consécutives. Lorsque la pétition prend naissance dans la province de Québec ou dans la province du Manitoba, l'avis en doit être publié en anglais dans un journal anglais et en français dans un journal français, ainsi qu'en anglais et en français dans la *Gazette du Canada*. S'il n'y a pas de journal dans la localité où il faut annoncer ladite pétition l'avis doit être publié à l'endroit le plus rapproché où est imprimé un journal. —

REGULATIONS GOVERNING THE ISSUE OF LEASE TO DREDGE FOR MINERALS IN THE SUBMERGED BEDS OF RIVERS IN THE NORTHWEST TERRITORIES AND YUKON TERRITORY

1. These Regulations may be cited as "THE DREDGING REGULATIONS".

2. In these regulations:

(*a*) "Minister" means the Minister of Mines and Resources;

(*b*) "River" means a stream of water the bed of which is of an average width of one hundred and fifty feet throughout the portion thereof sought to be leased. The Mining Recorder shall be the judge as to whether or not any stream in connection with which dredging applications have been made is sufficiently large to be considered a river within the meaning of these regulations;

(*c*) "River Bed" means the bed and bars of the river to the foot of the natural banks.

3. The Minister may issue leases to any person granting the exclusive right to dredge for gold, silver and platinum in the bed of any river in the Northwest Territories and the Yukon Territory.

4. The length of river to be included in any lease shall be continuous, and shall in no case exceed ten miles measured along the middle of the river following its sinuosities.

5. Every lessee under these regulations shall have the exclusive right to dredge the river bed within the length of river leased to him.

6. Not more than one lease shall be issued in favour of one person.

7. The lessee shall, when so directed by the Minister, cause a survey to be made, at his own expense and in accordance with the instructions of the Surveyor General, of the extent of river leased to him, and the returns of such survey shall be filed in the Department of Mines and Resources within six months after receipt by the lessee of such direction and instructions.

8. The lease shall be for a term of fifteen years, at the end of which time all rights vested in or which may be claimed by the lessee under his lease shall cease and determine. The lease may be renewed, however, from time to time at the discretion of the Minister, provided it is shown to his satisfaction that the leasehold has not been fully mined; that the lessee has, during the term of his lease, efficiently operated the leasehold, and that he has otherwise complied fully with the provisions of the regulations.

9. The lessee shall not assign his lease, nor transfer or sublet the demised premises or any portion thereof, without the consent in writing of the Minister.

10. (*a*) A lease in the Northwest Territories shall be deemed to be subject to the rights of all persons, who, prior to the issue of the lease received entries for claims under the provisions of the Northwest Territories Placer Mining Regulations.

(*b*) A lease in the Yukon Territory shall be deemed to be subject to the rights of all persons, who, prior to the issue of the lease received entries for claims under the provisions of the Yukon Placer Mining Act.

11. (1) The lessee shall, within three years from the date of his lease, have at least one dredge, of such capacity as the Minister may deem sufficient, in operation upon his leasehold, and shall in every year thereafter during the continuance of his lease dredge from such leasehold not less than 20,000 cubic yards of gravel. If the lessee fails to furnish proof yearly, or at such times as the Minister may direct, of the efficient operation of such dredge, and of the actual work performed, the Minister may cancel the lease.

(2) Upon application to that effect being made to him by any persons holding adjoining dredging leaseholds, not exceeding five in number, the minister may grant permission to such persons, for a term not exceeding ten years, to operate each of their respective dredges on any one or more of such leaseholds, and to perform on any one or more of them all the work required to be done on each leasehold separately, as required under the preceding section.

12. The lessee shall pay for the first year a rental of $100 for each mile of river leased to him, and for each subsequent year a rental of $10 for each mile.

13. The same royalty shall be paid upon gold mined under a dredging lease as is paid from time to time upon gold mined from ordinary placer mining claims.

14. The lessee may obtain from the Crown Timber Agent a permit or permits to cut, free of dues, such timber as may be necessary for the purposes of his mining operations. Such permit or permits shall contain a description of the tract or tracts within which the timber may be cut, and the kind, dimensions and quantities of timber to be so cut. Such permit, however, shall not give or be deemed to give to the holder thereof any exclusive right to the timber on the tract described therein.

15. The lessee shall not interfere in any way with the general right of the public to use for navigation or other purposes the river upon which he holds a lease. The free navigation of a river shall not be impeded by the deposit of tailings, and the current or stream shall not be obstructed in any material degree by the accumulation of tailings. If the lessee fails to observe this condition of his lease, notice may be posted by such officer as the Minister directs at the point where the stream has been impeded or obstructed or in the vicinity thereof, requiring such defect to be remedied, and a copy of such notice shall be served upon the lessee or his agent. If the lessee fails to remove, within the time set out in

the said notice, the impediment or obstruction complained of, the lease may be cancelled by the Minister.

16. The lease shall provide that,

(*a*) any person who received or who may receive entry under the Northwest Territories Placer Mining Regulations, or

(*b*) any person who received or who may receive entry under the Yukon Placer Mining Act

shall be entitled to run tailings into the river at any point thereof and to construct all works which may be necessary for properly operating his claim, provided that it shall not be lawful for any such person to construct a dam or wing-dam within one thousand feet from the place where any dredge is being operated, or to obstruct or interfere in any way with the operation of any dredge.

17. The lease shall reserve all roads, ways, bridges, drains and other public works and all duly authorized improvements now existing or which may hereafter be made in, upon, or under any part of the river, and the power to enter and construct the same, and shall provide that the lessee shall not damage nor obstruct any public or duly authorized ways, drains, bridges, works and improvements now or hereafter to be made upon, in, over, through or under the river, and that he will substantially bridge or cover and protect all the cuts, flumes, ditches and sluices and all pits and dangerous places at all points where they may be crossed by a public highway or frequented path or trail to the satisfaction of the Minister.

18. These regulations shall not restrict any rights which have been granted under former regulations.

19. The fees to be charged in connection with the administration of these Regulations shall be as follows:

Application for a lease..	$5.00
Assignment of a lease..	$3.00

P.C. 4684

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 19th day of NOVEMBER, 1947.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL

HIS Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources, and pursuant to the powers conferred by the Dominion Lands Act, Chapter 113, R.S.C. 1927, is pleased to order as follows:

1. The Regulations for the issue of Permits to Mine Coal, the property of the Crown, for domestic purposes, but not for sale, in the Provinces of Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, the Railway Belt in the Province of British Columbia, and within the tract containing three and one-half million acres acquired by the Dominion Government from the Province of British Columbia and known as the Peace River Block, made by Order in Council P.C. 735 of March 11, 1921, as amended, are hereby revoked; and

2. The attached Regulations for the issue of Permits to Mine Coal, the property of the Crown, for domestic purposes, but not for sale in the Northwest Territories and Yukon Territory, are hereby made and established in substitution for the Regulations hereby revoked.

A. D. P. HEENEY,
Clerk of the Privy Council.

48-4

REGULATIONS FOR THE ISSUE OF PERMITS TO MINE COAL, THE PROPERTY OF THE CROWN, FOR DOMESTIC PURPOSES BUT NOT FOR SALE IN THE NORTHWEST TERRITORIES AND YUKON TERRITORY

1. These Regulations may be cited as the DOMESTIC COAL REGULATIONS.

2. In these Regulations.

(*a*) "Location" means the tract which may be described in a domestic coal permit.

(*b*) "Locator" means the person who locates or stakes a mining location in the manner prescribed in these regulations.

(*c*) "Mining Recorder" means the Agent of Dominion Lands for the districts, or other officer appointed by the Governor in Council for the purpose referred to.

(*d*) "Minister" means the Minister of Mines and Resources of Canada.

(*e*) "Year" means a period of twelve consecutive calendar months.

3. (1) The coal mining rights which are the property of the Crown in the Northwest Territories and Yukon Territory may be acquired by any person under permit issued by the mining recorder for the district at an annual rental of $5 payable in advance, provided, however, that these regulations shall not apply to school lands or to lands comprised in any national park, or other reserves made by Parliament or by order of the Governor in Council, or lands lawfully occupied for mining purposes, or land within any city, town, village, local administrative district or settlement, unless otherwise specially provided by the Governor in Council.

(2) The permit shall not convey to the permittee the right to sell any of the coal mined from the location described therein.

4. The maximum area of a coal mining location which may be acquired under permit shall be one (1) acre, and no person shall be permitted to hold at the same time more than one permit. The permit may, in the discretion of the Minister be renewed from year to year so long as the rights described therein are vested in the Crown, provided the permittee has complied in every respect with the requirements of the regulations under which such permit was issued, and provided he is operating a mine to the satisfaction of the Minister.

5. A coal mining location acquired under these regulations shall not exceed three chains in width, measured in direct distance, and its greatest dimensions shall not exceed five chains, the maximum area embraced not to exceed one acre.

6. (1) The location shall be staked out by the locator in person by placing at each of its four corners a wooden post not less than four inches square, driven not less than eighteen inches into the ground and showing that length above it. If posts cannot be driven into the ground the locator shall erect about each such post, to support it and keep it in place, a cairn or mound of stones at least three feet in diameter at the base and eighteen inches high. If the location is timbered a line joining the said posts shall be run and fully marked so as to be clearly discernible. If the ground is of such a character that any one post cannot be seen from the ends of either of the lines which form the angle at which the said post is placed, posts flattened on two sides—such flattened portions to face the direction of the line—shall be planted or mounded along the side lines wherever necessary, so that no difficulty may be experienced in following the boundaries of the location. The lines bounding the location shall

be straight lines, due north and south and due east and west, and the locator shall mark on the post at the northeast angle of the location legibly his name in full, the date of staking, and the letters C.M.L. No. 1 to indicate that the post is coal mining location post No. 1. On the post marking the southeast angle of the location he shall place the letters C.M.L. No. 2 and his initials; on the post marking the southwest angle he shall place the letters C.M.L. No. 3 and his initials; and on the post marking the northwest angle he shall place the letters C.M.L. No. 4 and his initials.

(2) If a corner of the location falls within a ravine, bed of a stream, or other situation where the character of the ground may render the planting of a post impossible, the said corner shall be indicated by the erection at the nearest suitable point a witness post, upon which he shall place the inscription provided for with regard to corner posts, together with the letters W. P., and an indication of the bearing and distance of the site of the corner marked by such witness post.

7. Application for a location shall contain a description of the location applied for, and shall be accompanied by a plan showing the position of such location in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the exact position of the location being definitely shown in the records of the department. The location shall be rectangular in form, except where a boundary of a previously located coal mining location is adopted as common to both locations, and in no case shall the length of the location exceed three times its breadth. Unless definite information is furnished as to the exact position of the location so staked the application for a permit will not be considered.

8. The location shall in all cases be personally staked out by the applicant, who shall within thirty days from the date of location submit his application in person to the mining recorder for the district, or to a sub-recorder for such district for transmission to the recorder. If personal application is not submitted in the manner prescribed within thirty days from the date of staking it shall not be considered.

9. Where two or more persons lay claim to the same location the right to acquire the same shall be in him who can prove that he was the first to make discovery, or to take possession by demarcation in the manner prescribed in these regulations.

10. If application is made by two or more applicants for the same location, no one of whom is the original discoverer, the Minister may invite their competitive tenders.

11. No person shall enter upon for mining purposes or shall mine upon lands owned or lawfully occupied by another, until he has given adequate security to the satisfaction of the mining recorder for any loss or damage which may be thereby caused, and persons so entering, locating, prospecting, or mining upon any such lands, shall make full compensation to the owner or occupant of such lands for any loss or damage so caused.

12. In addition to the rent a royalty at the rate of twenty-five cents per ton of 2,000 pounds shall be levied and collected on the merchantable output of the mine, and such royalty shall be payable to the mining recorder for the district. The person operating a mine shall furnish the mining recorder for the district with sworn returns monthly or at such times as the Minister may direct, accounting for the full quantity of merchantable coal mined, and shall pay the royalty thereon.

13. Default in payment of the royalty or in furnishing returns, if continued for thirty days after notice has been posted at the mine, or conspicuously on the property in respect of which it is demanded by the mining recorder, or by his direction, may be followed by cancellation of the permit.

14. The permit of any person who attempts to defraud the Crown by withholding any part of the royalty or who makes false statements of the amount of the coal taken out, may be cancelled by the Minister.

15. The permittee shall, before opening any mine on the tract described in his permit, and before removing any coal therefrom, notify the mining inspector in writing of his intention to do so, and with a view to conservation, all operations for the recovery of such coal shall be in accordance with instructions given by the Mining Inspector. Failure on the part of the permittee to so notify the mining inspector of his intention to commence operations, or failure to comply strictly with such instructions as may be issued by the Mining Inspector as to the manner in which the location shall be operated, will render the permit subject to immediate cancellation.

16. The mining inspector or other officer or person designated by the Minister shall have the right to enter upon any land acquired under permit, or the workings thereon, to examine all records and books of account of the permittee or operator, and to make such other examination as may be deemed necessary in order to ascertain whether or not the conditions of the permit and the instructions respecting operation are being complied with.

17. The permit shall be returned to the mining recorder on the date specified therein, and for failure to do so the mining recorder may refuse to issue another permit.

18. In isolated portions of the Northwest Territories and Yukon Territory, Indians or Eskimos who apply for permission to mine small quantities of coal for their own use, or for sale to others in their locality, may be granted permission so to do by the mining recorder, or other authorized officer, free of charge, without being required to make application under the provisions of these regulations.

AT THE GOVERNMENT HOUSE AT OTTAWA

WEDNESDAY, the 26th day of November, 1947.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL

HIS Excellency the Governor General in Council, on the recommendation of the Acting Minister of Mines and Resources, and pursuant to the powers conferred by the Dominion Lands Act, Chapter 113, Revised Statutes of Canada, 1927, is pleased to order as follows:

1. The Regulations for the disposal of Coal Mining Rights, the property of the Crown, in the Provinces of Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, the Railway Belt in the Province of British Columbia, and within the tract containing three and one-half (3½) million acres of land acquired by the Dominion Government from the said Province of British Columbia, and referred to in subsection (*b*) of section three of the Dominion Lands Act, which were made and established by Order in Council P.C. 729 of April 20, 1910, and re-established by Order in Council P.C. 1793 of August 12, 1911, as amended, are hereby revoked; and

2. The attached Regulations for the disposal of Coal Mining Rights, the property of the Crown, in the Northwest Territories and Yukon Territory, are hereby made and established in substitution for the Regulations hereby revoked.

A. D. P. HEENEY,
Clerk of the Privy Council.

REGULATIONS FOR THE DISPOSAL OF COAL MINING RIGHTS THE PROPERTY OF THE CROWN IN THE NORTHWEST TERRITORIES AND YUKON TERRITORY

1. These Regulations may be cited as the Coal Mining Regulations.

2. In these Regulations,

(*a*) "Coal Mining Location", means a tract of land, containing coal, located or staked in accordance with these regulations.

(*b*) "Locator" means the person who locates or stakes a coal mining location, in the manner prescribed in these regulations.

(*c*) "Minister" means the Minister of Mines and Resources.

(*d*) "Mining Recorder" means the Agent of Dominion Lands for the district, or other officer appointed by the Governor in Council for the purpose referred to.

(*e*) "Year" means a period of twelve consecutive calendar months.

3. The coal mining rights which are the property of the Crown in the Northwest Territories and Yukon Territory, may be leased by the Minister to any person at an annual rental of $1 per acre, payable yearly in advance.

Provided, however, that these regulations shall not apply to school lands or to any land comprised within a National Park of Canada or reserves made by Parliament, or by Order of the Governor in Council, or to land within any incorporated city, town, or village, local administrative district or settlement, unless otherwise specially provided by the Governor in Council.

4. The term of the lease shall be twenty-one years, renewable for a further term of twenty-one years, provided the lessee furnishes evidence, satisfactory to the Minister, to show that during the term of the lease he has complied fully with the conditions of such lease, and with the provisions of the regulations regarding the disposal and operation of coal mining rights which may have been made from time to time by the Governor in Council, and subject to renewal for additional periods of twenty-one years on such terms and conditions as may be prescribed by the Governor in Council.

5. The maximum area of a coal mining location shall be 2,560 acres, and no person shall be permitted to acquire more than one location, except by assignment:

Provided that a person who has been granted a lease for a location, and who subsequently abandons or assigns the same, may, after the expiration of twelve months from the date of the said lease, be permitted to secure another location.

Provided, further, however, that such right of relocation shall not be granted unless all payments on account of rent, royalty, or other liability to the Department, due by such person, have been fully made up to the date of the registration by the Department of the assignment of his right to such lease, or up to the date upon which the notice of his abandonment of the same was received by the Department.

6. Application for a coal mining location shall be filed by the locator in person with the mining recorder for the district in which the location is situated within thirty days from the date upon which the location applied for was staked in accordance with section seven (7) of these regulations. If, however, the location is distant more than one hundred miles from the office of the mining recorder, the locator shall be allowed one additional day for each ten miles, or fraction thereof, in excess of one hundred miles. If the application is not filed within the time prescribed, it shall not be considered.

7. (1) Application for a location shall be in duplicate and shall contain a description by metes and bounds of the location applied for, and shall be accompanied by a plan in duplicate showing the position of such location in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the position of the location applied for being definitely shown in the records of the Department. The location must be rectangular in form, except where a boundary of a previously located tract is adopted as common to both locations, the length not to exceed four times the breadth.

(2) The application shall be accompanied by evidence, supported by affidavit of the locator, to show that the following requirements have been fully complied with:—

(*a*) That the location applied for has been defined on the ground by the locator in person by planting two wooden posts, at least four inches square and standing not less than four feet above the ground—such posts being numbered "1" and "2" respectively. The distance between post No. "1" and post No. "2" shall not exceed 21,120 feet and upon each post shall be inscribed the name of the locator and the

date of the locations. Upon post No. "1" there shall be written in addition to the foregoing, the words "Initial Post", the approximate compass bearing of post No. "2", and a statement of the number of feet lying to the right and to the left of the line between post No. "1" and post No. "2" thus: (Initial post, direction of post No. "2" is. . . . feet lie to the right and . . . . feet to the left of the line between post No. "1" and post No. "2").

When the tract which an applicant desires to lease has been located, he shall immediately mark the line between post No. "1" and post No. "2", so that it can be distinctly seen, in a timbered locality, by blazing trees and cutting underbrush, and in a locality where there is neither timber nor underbrush he shall set posts of the above dimensions or erect mounds of earth or rock not less than two feet high and two feet in diameter at the base in such a manner that the line may be distinctly seen.

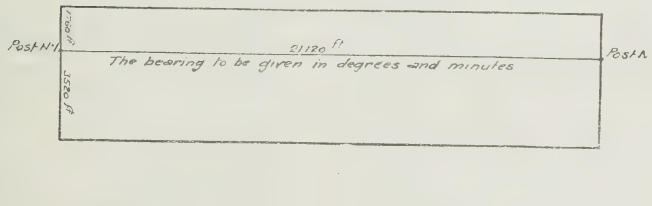
(*b*) All the particulars required to be inscribed on posts No. "1" and No. "2" shall be set out in the application and shall be accompanied by a plan showing the position of the tract in its relation to some prominent topographical feature or other known point, such plan to contain sufficient data to admit of the location being shown definitely on the records of the Department.

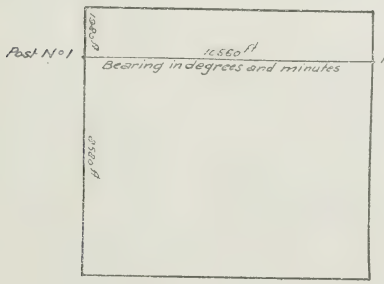
(*c*) The locator shall post a written or printed notice on a conspicuous part of the location applied for, setting out his intention to apply within thirty days from the date of such notice for a lease of the coal mining rights under the said location.

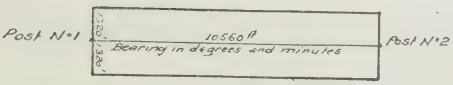
(For purposes of illustration, the following diagrams are given to show the manner in which coal mining locations may be laid out in unsurveyed territory.)

DIAGRAM SHOWING MODE OF STAKING

A location should be staked along its greatest dimension.







8. Where two or more persons lay claim to the same location, or to portions of the same locations, the right to acquire a lease shall be in him who can prove to the satisfaction of the Minister that he was the first to take possession of the tract in dispute by demarcation in the manner described in these regulations, and that he made application for a lease thereof within the specified time.

9. The lessee shall commence active operations on his leasehold within one year from the date upon which he may be notified by the proper officer of

the Department to do so, and shall produce from such operations the quantity of coal specified in the said notification. Such notification shall not be given until the expiration of at least one year from the date of the lease, and shall set out the quantity of coal which the lessee is required to mine and produce at the pit's mouth ready for shipment, which quantity, however, may be increased from time to time, upon thirty days' notice to that effect being given to the lessee, but in no case shall the maximum quantity required to be mined exceed ten tons per annum for each acre leased. In case operations are not commenced within the time specified in the notice, or if the required quantity of coal is not mined during each year, the lease shall be subject to cancellation in the discretion of the Minister.

10. The lessee shall not assign, transfer or sublet the rights described in his lease, or any part thereof, without the consent in writing of the Minister being first had and obtained.

11. (1) The boundaries beneath the surface of coal mining locations shall be the vertical planes or lines in which their surface boundaries lie.

(2) The Lessee, however, shall not mine or excavate any coal within sixty feet from the boundary lines of the location which may be leased to him, and the rights and privileges granted under the lease shall not extend to the mining of any coal which lies within sixty feet from the said boundary lines, nor shall the lessee make or suffer to be made any opening underground into any adjoining lands through the said barrier of sixty feet which it is intended shall remain as a protection from water accumulating and from fire occurring in the mine which may be opened on the location, or in mines adjacent thereto, as well as for the prevention of subsidence.

12. All leases of coal mining rights issued under these regulations shall be subject to the provision that actual settlers shall be entitled to buy at the pit's mouth whatever coal they may require for their own use, but not for barter or sale, at a price not to exceed $5 per ton, and the lease issued for coal rights shall be made subject to such provision.

13. The lease shall be in such form as may be determined by the Minister, in accordance with the provisions of these regulations.

14. A fee of $5 shall accompany each application for a lease, which will be refunded if the rights applied for are not available, but not otherwise.

15. The applicant for a lease of coal mining rights shall be given a period of thirty days from the date of the receipt of his application within which to pay to the mining recorder for the district the full amount of the rental for the first year of the term of the lease at the rate of one dollar an acre. If the rental is not received within the time specified, the application shall absolutely lapse, and the rights applied for shall again become available for other disposition in the discretion of the Minister. The lease, if issued, shall bear date the day upon which the application was granted.

16. In isolated portions of the Northwest Territories and Yukon Territory, Indians or Eskimos who apply for permission to mine small quantities of coal for their own use, or for sale to others in their locality, may be granted permission so to do by the mining recorder, or other authorized officer, free of charge, without being required to make application under the provisions of these regulations.

17. If during the term of the lease the lessee shall fail to pay the rental in advance for each subsequent year, at the rate of one dollar ($1) an acre per annum, within thirty days after the date upon which the same became due, the lease shall be subject to cancellation in the discretion of the Minister and to the immediate forfeiture of all the rights granted thereunder.

Provided that if at any time after a lease has been cancelled through failure to pay the prescribed rental, the person in whose favour the lease stood recorded on the date of cancellation applies to the mining recorder for the district for re-instatement in the rights which he formerly had to such lease, and tenders the full amount of the rental which should have been paid to maintain the lease in good standing, with interest, such person may be re-instated in the right which he formerly had to the location sought to be re-acquired, or to any portion thereof, which may still be available.

18. If the surface rights thereof have been patented or have been disposed of by the Crown under any Act or regulation which contemplates the issue of patent, or if the surface rights have been disposed of temporarily under a terminable grant, the Minister may, in consideration of the expenditure to be incurred by the locator on the tract leased, in prospecting operations and upon application to that effect being filed with the mining recorder, of the district in which the location is situated, waive the payment of the rental for the first and the second years of the term of the lease, subject to the following conditions:—

(*a*) Each such application shall be accompanied by a fee of one hundred dollars ($100) which amount will be deducted from the expenditure which the locator shall be required to incur in prospecting operations on his leasehold during the first year of the term of his lease. Such fee shall be refunded to the locator if the application is not granted.

(*b*) Subject to the deduction of the one hundred dollar fee, as provided in the foregoing subsection (*a*), the locator shall expend in actual prospecting operations upon his leasehold by recognized methods, during each of the first and the second years of the term of his lease, the sum of not less than one dollar ($1) for each acre of the total area of his location, and shall, prior to the termination of each of the said two years submit evidence, satisfactory to the agent, supported by affidavit, to show that he has incurred the required expenditure in actual prospecting operations, by recognized methods, on the tract covered by his location. If the lessee fails to submit such evidence in the manner prescribed, the lease shall be subject to cancellation in the discretion of the Minister and to the immediate forfeiture of all the rights granted thereunder.

19. In addition to the rent a royalty per ton of two thousand pounds at such rate as may from time to time be prescribed by Order of the Governor General in Council shall be levied and collected on the merchantable output of the mine, and such royalty shall be payable monthly to the mining recorder from the date upon which operations may be commenced. The person operating a mine shall furnish the mining recorder with sworn returns monthly, or at such times as the Minister may direct, accounting for the full quantity of merchantable coal mined.

20. Every lessee of coal mining rights which are not being operated shall furnish the mining recorder with a sworn statement to that effect at least once in each year.

21. If default is made in payment of royalty payable under a lease or in furnishing the returns and

continued for thirty days after notice has been posted at the mine or conspicuously on the property in respect of which it is demanded by the mining recorder or his direction, or if any attempt is made to defraud the Crown by withholding the royalty or any part thereof payable under that lease, or if false statements are made concerning the amount of coal taken from the lands described in that lease, the lease may be cancelled by the Minister and his decision shall be final.

22. A mining recorder or any person designated by him shall have the right to enter upon any land comprised within a coal mining location, or the workings therein; to examine all records and books of account of the lessee or operator of such mining location, and to make such other examination as may be deemed necessary in order to ascertain whether or not the terms of the lease for such location are being duly complied with.

23. The lease shall in all cases include the coal mining rights only, the property of the Crown, but the lessee may, upon application, be granted a yearly lease at a rental of $1 per acre per annum, payable yearly in advance, of whatever area of the available surface rights of the tract described in the coal mining lease the Minister may consider necessary for the efficient and economical working of the rights granted under such lease.

24. In case the surface rights of a coal mining location are covered by a timber licence, grazing or petroleum lease, mining claim or other form of terminable grant which does not contemplate the issue of patent, the lease shall not authorize entry thereon unless the permission of the Minister is first had and obtained, and such permission shall be given subject to such conditions for the protection of the rights of such lessee or licensee as it may be considered necessary to impose.

25. (1) In case the surface rights of a coal mining location have been patented, or have been disposed of by the Crown under any Act or regulation which contemplates the earning of patent for such surface rights, and the lessee of the coal mining rights cannot make an arrangement with the owner of the surface rights, or his agent, or the occupant thereof, for entry upon the location, or for the acquisition of such portion of the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his lease, he may, provided the mineral rights in the land affected, with access thereto, and the right to use and occupy such portion of the said land as may be necessary for the effectual working of the minerals therein, have been reserved to the Crown in the original grant of the surface rights, apply to the Minister for permission to submit the matter in dispute to arbitration. Upon receiving such permission in writing, it shall be lawful for the lessee to give notice to the owner, or his agent or the occupant, to appoint an arbitrator within a period of sixty days from the date of such notice, to act with another arbitrator named by the lessee, in order to determine what portion of the surface rights the lessee may reasonably acquire:

(a) For the efficient and economical operation of the rights and privileges granted him under his lease;

(b) The exact position thereof;

(c) The amount of compensation to which the owner or occupant shall be entitled has already been paid, he may apply such payment or such portion thereof as to him seems reasonable, on account of future payments of the rental of any leasehold included in the location, such expenditure, however, not to be accepted as payment of rental during a greater period than five years of the term of the leases.

(2) The notice mentioned in this section shall be according to a form to be obtained upon application to the mining recorder for the district in which the land in question is situated, and shall, when practicable, be personally served on the owner of such land, or his agent, if known, or the occupant thereof, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served by leaving it at, or sending it by registered mail, to the last known place of abode of the owner, agent or occupant, and by posting a copy of the same in the office of the mining recorder for the district in which the land in question is situated. Such notice shall be served, if the owner, or his agent, resides in the mining district in which the land is situated, ten days, if out of the mining district and in the territory twenty days, and if out of the territory thirty days, before the expiration of the time limited in such notice. If the owner, or his agent, or the occupant of the land, refuses or declines to appoint an arbitrator, or when for any reason, no arbitrator is so appointed in the time limited therefore in the notice provided for by this section, the mining recorder for the district in which the land in question is situated shall forthwith, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent, or occupant, or that such owner, agent, or occupant wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent, or occupant, as above provided, appoint an arbitrator on his behalf.

26. In case the two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator, select a third arbitrator, and when such two arbitrators cannot agree upon a third arbitrator, the mining recorder for the district in which the land in question is situated shall forthwith select such third arbitrator.

27. All the arbitrators appointed under the authority of these regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee, they shall decide as to the particular portion of the surface rights which the latter may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the owner or occupant shall be entitled.

28. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

29. The award of any two such arbitrators made in writing shall be final, and shall be filed with the mining recorder for the district in which the land is situated, within twenty days from the date of the appointment of the last arbitrator. Upon the order of the Minister the award of the arbitrators shall immediately be carried into effect.

30. The arbitrators shall be entitled to be paid a per diem allowance of $10, together with their necessary travelling and living expenses while engaged in the arbitration, and the costs of such arbitration shall be borne by the lessee.

31. Where a coal mining location comprises adjoining lands included in one or more leases, acquired

by assignment or otherwise under the provisions of these regulations, recorded in the name of one lessee, and situated more than ten miles from a railway when the leases were issued, and where the lessee of such location can show that he has expended in actual prospecting and developing operations on the location by recognized methods during any year prior to railway communication with the location having been established, an amount equal to or in excess of the prescribed yearly rental of such location, the Minister, upon proof satisfactory to him showing that such expenditure was incurred for the purpose and in the manner specified on one or more of the leaseholds comprising the location, may waive payment of the rental for the year of the term during which such expenditure may be shown to have been incurred, or in case the rental has already been paid, he may apply such payment or such portion thereof as to him seems reasonable, on account of future payments of the rental of any leasehold included in the location, such expenditure, however, not to be accepted as payment of rental during a greater period than five years of the term of the leases.

32. The lessee shall, before opening any mine on the lands described in the lease, and before extracting any coal therefrom, submit to the Minister plans and specifications showing in detail the manner in which it is proposed to open up, develop and operate such mine, and if the location contains more than one seam of coal, detailed information shall be furnished as to the particular seam which it is proposed to develop. No work shall be commenced for the recovery of coal, and no coal shall be extracted until such plans and specifications have been approved by the proper officer of the Department. The procedure to be adopted in opening up and operating a mine on the lands leased, as well as the particular seam of coal which shall first be operated, shall at all times be in accordance with the provisions of regulations duly approved by the Minister, and failure to comply with the requirements of such regulations shall render the lease subject to cancellation in the discretion of the Minister.

33. The fees to be charged in connection with the administration of these regulations shall be as follows:—

Application fee	$ 5.00
Additional application fee under Section 18	100.00
Annual rental per acre—coal mining rights	1.00
Annual rental per acre—surface rights	1.00
Registration of assignment of one lease	3.00
Registration of assignment of more than one lease— for each additional lease	0.50

Avis de bills privés

107. Toute demande adressée au Parlement pour obtenir un bill privé doit être annoncée par avis publié dans la *Gazette du Canada;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et désigner l'adresse des signataires; et si la demande a pour objet l'obtention d'une loi en constitution de corporation, l'avis doit aussi mentionner le nom de la compagnie dont la constitution est projetée.

Outre l'avis dans la *Gazette du Canada,* comme susdit, pareil avis doit être donné de la façon suivante:

(A) Lorsque la demande a pour objet l'obtention d'une loi constituant en corporation:

1. *Une compagnie de chemin de fer ou de canal*—dans un des principaux journaux de la principale cité, ville ou village de chaque comté ou district par où doit passer le chemin de fer ou le canal dont la constitution est projetée;

2. *Une compagnie de télégraphe ou de téléphone*—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire dans lequel la compagnie se propose d'exercer des opérations;

3. Une compagnie ayant pour objet *l'exécution d'entreprises* dont l'exécution ou l'exploitation pourrait spécialement affecter une localité particulière, ou cherchant à obtenir des *droits ou privilèges exclusifs,* ou voulant accomplir toute affaire ou chose dont l'accomplissement affecterait les droits ou propriétés d'autrui—dans un des principaux journaux de l'endroit ou des endroits particuliers que le projet de loi peut affecter;

4. *Une compagnie de banque; compagnie d'assurance; compagnie fiduciaire; compagnie de prêt* ou *compagnie industrielle,* sans pouvoirs exclusifs—dans la *Gazette du Canada* seulement;

5. Et si les entreprises d'une compagnie (constituée ou à constituer) doivent être déclarées d'utilité publique au Canada, cette intention doit être expressément mentionnée dans l'avis, et les requérants doivent adresser une copie de cet avis, sous pli recommandé, au secrétaire de chaque conseil de comté et de chaque corporation municipale pouvant être particulièrement affectée par l'exécution ou l'exploitation de ces entreprises, ainsi qu'au secrétaire de la province dans laquelle des entreprises sont ou peuvent être situées; et la preuve de l'observation de cette prescription par les requérants doit être établie par une déclaration statutaire.

(B) Lorsque la demande a pour objet de modifier une loi existante:

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient—l'avis doit être le même *mutatis mutandis* que celui pour l'obtention d'une loi constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres entreprises déjà autorisées—dans un des principaux journaux de l'endroit où la compagnie a ou est autorisée à avoir son siège social;

3. Afin d'élargir les pouvoirs d'une compagnie (sans comporter attribution de droits exclusifs); d'accroître ou de réduire le capital social d'une compagnie; ou d'augmenter ou modifier son pouvoir d'émettre des obligations ou ses autres pouvoirs d'emprunt; ou de présenter un amendement pouvant porter atteinte aux droits ou aux intérêts des actionnaires, des détenteurs d'obligations ou des créanciers de la compagnie—dans un des principaux journaux du lieu de son siège social.

(C) Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, doivent être publiés au moins une fois par semaine pendant quatre semaines consécutives; et lorsqu'ils sont publiés dans les provinces de Québec et du Manitoba, ils doivent être en langues anglaise et française.

Des exemplaires marqués de chaque numéro de tous les journaux contenant l'avis doivent être adressés au greffier du Sénat et porter la mention: "Avis de bill privé"; au lieu des journaux, une déclaration statutaire attestant que l'avis a été régulièrement publié peut être adressée au greffier du Sénat.

Tout avis adressé sous pli recommandé doit être mis à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale deux semaines au moins avant l'examen de la pétition par le comité des ordres permanents; et une déclaration statutaire établissant le fait de la mise à la poste doit être transmise au greffier du Sénat.

108. Nulle pétition demandant la constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, ne doit être étudiée par le comité des ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé de l'entreprise, ainsi que chaque comté, canton, district ou municipalité par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement dont la construction est projetée.

110. Toute pétition tendant à obtenir un bill privé ne sera reçue par le Sénat que si elle a été déposée chez le greffier du Sénat au cours des six premières semaines de la session; et tout bill privé introduit au Sénat doit être présenté au Sénat dans un délai de deux semaines après que l'examinateur des pétitions ou le comité des ordres permanents aura fait un rapport favorable à la pétition se rapportant à ce bill; et aucune motion demandant la suspension du présent ordre permanent ne sera prise en considération à moins que le comité des ordres permanents n'ait au préalable présenté un rapport recommandant pareille suspension.

114. Toute personne qui désire présenter un bill privé doit remettre au greffier du Sénat, s'il est projeté que le bill prenne naissance au Sénat, une copie du bill en anglais ou en français, avec un montant suffisant pour en payer la traduction, laquelle sera faite par les fonctionnaires du Sénat; elle doit aussi payer les frais d'impression de 600 exemplaires anglais et de 200 exemplaires français. Le requérant doit pareillement verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant sa mise à l'étude par le comité auquel il est renvoyé, la somme de deux cents dollars avec les frais d'impression de la loi pour l'incorporer dans les Statuts; et il doit remettre au greffier de ce comité un reçu de ce versement.

La taxe à acquitter lors de la deuxième lecture d'un bill n'est payée qu'à la Chambre où le bill est présenté.

Modèle d'un bill amendant une loi

60A.—(1) Dans la confection des bills amendant des textes législatifs existants, les amendements ne doivent pas ordinairement être effectués au moyen de clauses qui ajoutent, retranchent ou remplacent des mots, mais au moyen de clauses qui réédictent l'article, le paragraphe ou la disposition, telle qu'amendée.

(2) Dans le texte du bill, sur la page de gauche, le nouveau texte doit être indiqué par les signes typographiques les plus appropriés à chaque cas; crochets, italique, texte souligné, astérisques, etc. En regard de chaque clause, sur la page de droite, le texte amendé par le bill, ou la partie importante de ce texte doit être imprimée, et les changements projetés doivent y être indiqués de la manière prévue ci-dessus.

(3) Lorsqu'une clause abroge un article existant, un paragraphe ou une autre disposition d'un article, cet article, ce paragraphe ou cette autre disposition, ou la partie qui en est importante, doit être imprimé en regard de la clause.

(4) Un mémoire du rédacteur expliquant brièvement les motifs de chaque clause doit être annexé au bill, ou distribué avec le bill. Lorsque possible, le mémoire doit être imprimé sur la page de droite du bill, en paragraphes placés en regard des clauses visées, et portant un numéro correspondant.

(5) Les règles ci-dessus s'appliquent, autant que possible, à la réimpression des bills.

L. C. MOYER,
Greffier du Sénat.

(B) 1. Lorsque la pétition a pour objet de modifier une loi existante en vue du prolongement de tout chemin de fer ou canal ou de la construction d'un embranchement de voie ferrée ou de canal, il est publié un avis à l'endroit où se trouve le siège social de la compagnie et dans la principale cité, ville ou municipalité de village de chaque comté ou district devant être desservi par ce prolongement ou cet embranchement.

2. Lorsque la pétition a pour objet de modifier une loi existante en vue de prorogation du délai fixé pour la construction ou l'achèvement de toute ligne de chemin de fer, de tout embranchement ou prolongement de ligne de chemin de fer, de tout canal, de tout réseau télégraphique ou téléphonique, ou de tout ouvrage déjà autorisé il est publié un avis à l'endroit où se trouve le siège social de la compagnie et dans la principale cité ou ville de chaque district intéressé.

(C) Lorsque la pétition a pour objet d'obtenir, pour quelque personne ou corporation existante, des droits ou privilèges exclusifs ou encore la faculté d'accomplir une chose dont la mise en œuvre intéresserait les droits ou biens d'autrui, il est publié un avis dans les localités où les affaires, les droits ou les biens d'autrui peuvent être spécialement compromis par la loi projetée.

(3) Tout avis de ce genre, qu'il soit inséré dans la *Gazette du Canada* ou dans un journal, doit être publié au moins une fois par semaine durant une période de quatre semaines consécutives. Lorsque la pétition prend naissance dans la province de Québec ou dans la province du Manitoba, l'avis en doit être publié en anglais dans un journal anglais et en français dans un journal français, ainsi qu'en anglais et en français dans la *Gazette du Canada*. S'il n'y a pas de journal dans la localité où il faut annoncer ladite pétition l'avis doit être publié à l'endroit le plus rapproché où est imprimé un journal. La preuve que l'avis en question a été dûment publié s'établit, dans chaque cas, par voie de déclaration statutaire. Toute déclaration de cette nature doit être envoyée au greffier de la Chambre, et elle doit porter au dos l'indication: "Avis de bill privé".

Nulle motion portant suspension du présent article ne peut être accueillie à moins que le comité du Règlement n'ait préalablement présenté un rapport recommandant cette suspension, en y consignant les motifs de sa décision.

97. Nulle pétition portant constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie se proposant d'exploiter un canal, ou portant prolongement d'une ligne de chemin de fer ou d'un canal existant ou autorisé, ou portant construction d'un embranchement de voie ferrée ou de canal, ne sera prise en considération par l'examinateur, ou par le comité du Règlement, tant qu'il n'aura pas été déposé entre les mains dudit examinateur une carte ou un plan indiquant l'endroit où se trouveront ces ouvrages, et chaque comté, canton, municipalité ou district à travers lequel, le chemin de fer, le canal, le prolongement ou l'embranchement projeté doit être construit.

(3) En sus des frais précités, les droits suivants doivent être imposés et payés:

a) Lorsqu'il y a suspension d'un article du Règlement relativement à un bill ou à la pétition introductive qui s'y rattache	$ 100
b) Lorsqu'un bill est présenté en Chambre après la huitième semaine et avant l'expiration de la douzième semaine de la session	100
c) Lorsqu'un bill est présenté en Chambre après la douzième semaine de la session	200
d) Lorsque le capital-actions projeté d'une compagnie ne dépasse pas $250,000	100
e) Lorsque le capital-actions projeté d'une compagnie dépasse $250,000, mais n'est pas supérieur à $500,000	200
f) Lorsque le capital-actions projeté d'une compagnie dépasse $500,000, mais n'est pas supérieure à $750,000	300
g) Lorsque le capital-actions projeté d'une compagnie dépasse $750,000, mais n'est pas supérieur à $1,000,000	400
h) Lorsque le capital-actions projeté d'une compagnie dépasse $1,000,000, mais n'est pas supérieur à $1,500,000	600

(4) Lorsqu'un bill porte augmentation du capital-actions d'une compagnie existante, le droit additionnel à débourser est basé sur le tarif précité, et il n'y est fait état que du montant de l'accroissement.

(5) *a*) Lorsqu'un bill tend à l'augmentation de la faculté d'emprunt d'une compagnie ou en comporte l'augmentation sans qu'il y ait accroissement du capital-actions, le droit additionnel est de trois cents dollars.

b) Lorsqu'un bill porte augmentation à la fois du capital-actions et de la faculté d'emprunt d'une compagnie, le droit additionnel est perçu sur les deux.

(6) Si, à quelque phase du bill, il y a augmentation du capital-actions projeté d'une compagnie ou de sa faculté d'emprunt, le bill en question ne peut franchir une autre étape tant que ces promoteurs n'auront pas solder les frais occasionnés par cette modification.

(7) Dans la présente règle, l'expression "capital-actions projeté" comprend toute augmentation de capital-actions prévue par le bill; et quand un bill porte faculté d'augmenter à quelque époque le chiffre du capital-actions, le droit additionnel est calculé sur le maximum de l'augmentation projetée, dont le bill fait mention.

(8) Les droits additionnels établis par la présente règle s'appliquent aussi aux bills privés qui ont pris naissance au Sénat; néanmoins, si la pétition introductive d'un bill privé de ce genre a été présentée à la Chambre des communes dans les six premières semaines de la session, les droits additionnels prévus aux alinéas *b*) ou *c*) du paragraphe 3 ne sont pas exigibles.

(2) Tout bill tendant à la constitution en corporation d'une compagnie doit, lorsqu'il a été adopté une formule de bill-type, être rédigé en conformité de ce modèle, dont il peut être obtenu des exemplaires du greffier de la Chambre. Toute disposition d'un bill de ce genre qui n'est pas conforme au bill-type doit être insérée entre crochets ou soulignée, et elle doit être imprimée de la sorte.

L'article, le paragraphe ou alinéa que les auteurs veulent faire abroger, ou encore ce qu'il renferme d'essentiel, doit être imprimé sur la feuille du côté droit en regard de ce même article, paragraphe ou alinéa.

(4) Lorsqu'un bill privé tend à abroger un article, paragraphe ou autre partie d'un article, cet article, ce paragraphe ou cette autre partie, ou encore ce qui s'y trouve d'essentiel, doit être imprimé en regard de l'article du bill.

(5) Une note établissant brièvement l'objet d'une disposition d'un caractère exceptionnel ou dont la teneur s'écarte des dispositions du bill-type ou des articles servant de modèle, doit être imprimée en regard de l'article du bill.

Il est loisible au ministre des Travaux publics de rejeter tout vaisseau qui pourrait être mis en service sur ledit passage d'eau en quelque temps que ce soit, ou de rejeter son commandant ou les débarcadères ou quais, s'il les considérait tous, ou l'un d'eux respectivement, incapables de satisfaire aux besoins du public.

ORDERS IN COUNCIL

P.C. 4682

AT THE GOVERNMENT HOUSE AT OTTAWA
FRIDAY, the 14th day of NOVEMBER, 1947.
PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL

HIS Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources, and pursuant to the powers conferred by the Dominion Lands Act, Chapter 113, Revised Statutes of Canada, 1927, is pleased to order as follows:

1. The Regulations governing the issue of leases to dredge for minerals in the beds of rivers in Manitoba, Saskatchewan, Alberta and the Northwest Territories which were made and established by Order in Council P.C. 2109 of December 20, 1926, as amended, and the Regulations governing the issue of leases to dredge for minerals in the submerged beds of rivers in the Yukon Territory, which were made and established by Order in Council P.C. 1058 of May 14, 1907, as amended, are hereby revoked; and

2. The attached Regulations governing the issue of leases to dredge for minerals in the submerged beds of rivers in the Northwest Territories and Yukon are hereby made and established in substitution for the Regulations hereby revoked.

A. D. P. HEENEY,
48-4 Clerk of the Privy Council.

REGULATIONS GOVERNING THE ISSUE OF LEASE TO DREDGE FOR MINERALS IN THE SUBMERGED BEDS OF RIVERS IN THE NORTHWEST TERRITORIES AND YUKON TERRITORY

1. These Regulations may be cited as "THE DREDGING REGULATIONS".

2. In these regulations:

(*a*) "Minister" means the Minister of Mines and Resources;

(*b*) "River" means a stream of water the bed of which is of an average width of one hundred and fifty feet throughout the portion thereof sought to be leased. The Mining Recorder shall be the judge as to whether or not any stream in connection with which dredging applications have been made is sufficiently large to be considered a river within the meaning of these regulations;

(*c*) "River Bed" means the bed and bars of the river to the foot of the natural banks.

3. The Minister may issue leases to any person granting the exclusive right to dredge for gold, silver and platinum in the bed of any river in the Northwest Territories and the Yukon Territory.

4. The length of river to be included in any lease shall be continuous, and shall in no case exceed ten miles measured along the middle of the river following its sinuosities.

5. Every lessee under these regulations shall have the exclusive right to dredge the river bed within the length of river leased to him.

6. Not more than one lease shall be issued in favour of one person.

7. The lessee shall, when so directed by the Minister, cause a survey to be made, at his own expense and in accordance with the instructions of the Surveyor General, of the extent of river leased to him, and the returns of such survey shall be filed in the Department of Mines and Resources within six months after receipt by the lessee of such direction and instructions.

8. The lease shall be for a term of fifteen years, at the end of which time all rights vested in or which may be claimed by the lessee under his lease shall cease and determine. The lease may be renewed, however, from time to time at the discretion of the Minister, provided it is shown to his satisfaction that the leasehold has not been fully mined; that the lessee has, during the term of his lease, efficiently operated the leasehold, and that he has otherwise complied fully with the provisions of the regulations.

9. The lessee shall not assign his lease, nor transfer or sublet the demised premises or any portion thereof, without the consent in writing of the Minister.

10. (*a*) A lease in the Northwest Territories shall be deemed to be subject to the rights of all persons, who, prior to the issue of the lease received entries for claims under the provisions of the Northwest Territories Placer Mining Regulations.

(*b*) A lease in the Yukon Territory shall be deemed to be subject to the rights of all persons, who, prior to the issue of the lease received entries for claims under the provisions of the Yukon Placer Mining Act.

11. (1) The lessee shall, within three years from the date of his lease, have at least one dredge, of such capacity as the Minister may deem sufficient, in operation upon his leasehold, and shall in every year thereafter during the continuance of his lease dredge from such leasehold not less than 20,000 cubic yards of gravel. If the lessee fails to furnish proof yearly, or at such times as the Minister may direct, of the efficient operation of such dredge, and of the actual work performed, the Minister may cancel the lease.

(2) Upon application to that effect being made to him by any persons holding adjoining dredging leaseholds, not exceeding five in number, the minister may grant permission to such persons, for a term not exceeding ten years, to operate each of their respective dredges on any one or more of such leaseholds, and to perform on any one or more of them all the work required to be done on each leasehold separately, as required under the preceding section.

12. The lessee shall pay for the first year a rental of $100 for each mile of river leased to him, and for each subsequent year a rental of $10 for each mile.

13. The same royalty shall be paid upon gold mined under a dredging lease as is paid from time to time upon gold mined from ordinary placer mining claims.

14. The lessee may obtain from the Crown Timber Agent a permit or permits to cut, free of dues, such timber as may be necessary for the purposes of his mining operations. Such permit or permits shall contain a description of the tract or tracts within which the timber may be cut, and the kind, dimensions and quantities of timber to be so cut. Such permit, however, shall not give or be deemed to give to the holder thereof any exclusive right to the timber on the tract described therein.

15. The lessee shall not interfere in any way with the general right of the public to use for navigation or other purposes the river upon which he holds a lease. The free navigation of a river shall not be impeded by the deposit of tailings, and the current or stream shall not be obstructed in any material degree by the accumulation of tailings. If the lessee fails to observe this condition of his lease, notice may be posted by such officer as the Minister directs at the point where the stream has been impeded or obstructed or in the vicinity thereof, requiring such defect to be remedied, and a copy of such notice shall be served upon the lessee or his agent. If the lessee fails to remove, within the time set out in

99325—6½

the said notice, the impediment or obstruction complained of, the lease may be cancelled by the Minister.

16. The lease shall provide that,

(*a*) any person who received or who may receive entry under the Northwest Territories Placer Mining Regulations, or

(*b*) any person who received or who may receive entry under the Yukon Placer Mining Act

shall be entitled to run tailings into the river at any point thereof and to construct all works which may be necessary for properly operating his claim, provided that it shall not be lawful for any such person to construct a dam or wing-dam within one thousand feet from the place where any dredge is being operated, or to obstruct or interfere in any way with the operation of any dredge.

17. The lease shall reserve all roads, ways, bridges, drains and other public works and all duly authorized improvements now existing or which may hereafter be made in, upon, or under any part of the river, and the power to enter and construct the same, and shall provide that the lessee shall not damage nor obstruct any public or duly authorized ways, drains, bridges, works and improvements now or hereafter to be made upon, in, over, through or under the river, and that he will substantially bridge or cover and protect all the cuts, flumes, ditches and sluices and all pits and dangerous places at all points where they may be crossed by a public highway or frequented path or trail to the satisfaction of the Minister.

18. These regulations shall not restrict any rights which have been granted under former regulations.

19. The fees to be charged in connection with the administration of these Regulations shall be as follows:

Application for a lease..	$5.00
Assignment of a lease..	$3.00

48-4

REGULATIONS FOR THE ISSUE OF PERMITS TO MINE COAL, THE PROPERTY OF THE CROWN, FOR DOMESTIC PURPOSES BUT NOT FOR SALE IN THE NORTHWEST TERRITORIES AND YUKON TERRITORY

1. These Regulations may be cited as the DOMESTIC COAL REGULATIONS.

2. In these Regulations.

(*a*) "Location" means the tract which may be described in a domestic coal permit.

(*b*) "Locator" means the person who locates or stakes a mining location in the manner prescribed in these regulations.

(*c*) "Mining Recorder" means the Agent of Dominion Lands for the districts, or other officer appointed by the Governor in Council for the purpose referred to.

(*d*) "Minister" means the Minister of Mines and Resources of Canada.

(*e*) "Year" means a period of twelve consecutive calendar months.

3. (1) The coal mining rights which are the property of the Crown in the Northwest Territories and Yukon Territory may be acquired by any person under permit issued by the mining recorder for the district at an annual rental of $5 payable in advance, provided, however, that these regulations shall not apply to school lands or to lands comprised in any national park, or other reserves made by Parliament or by order of the Governor in Council, or lands lawfully occupied for mining purposes, or land within any city, town, village, local administrative district or settlement, unless otherwise specially provided by the Governor in Council.

(2) The permit shall not convey to the permittee the right to sell any of the coal mined from the location described therein.

4. The maximum area of a coal mining location which may be acquired under permit shall be one (1) acre, and no person shall be permitted to hold at the same time more than one permit. The permit may, in the discretion of the Minister be renewed from year to year so long as the rights described therein are vested in the Crown, provided the permittee has complied in every respect with the requirements of the regulations under which such permit was issued, and provided he is operating a mine to the satisfaction of the Minister.

5. A coal mining location acquired under these regulations shall not exceed three chains in width, measured in direct distance, and its greatest dimensions shall not exceed five chains, the maximum area embraced not to exceed one acre.

6. (1) The location shall be staked out by the locator in person by placing at each of its four corners a wooden post not less than four inches square, driven not less than eighteen inches into the ground and showing that length above it. If posts cannot be driven into the ground the locator shall erect about each such post, to support it and keep it in place, a cairn or mound of stones at least three feet in diameter at the base and eighteen inches high. If the location is timbered a line joining the said posts shall be run and fully marked so as to be clearly discernible. If the ground is of such a character that any one post cannot be seen from the ends of either of the lines which form the angle at which the said post is placed, posts flattened on two sides—such flattened portions to face the direction of the line—shall be planted or mounded along the side lines wherever necessary, so that no difficulty may be experienced in following the boundaries of the location. The lines bounding the location shall

be straight lines, due north and south and due east and west, and the locator shall mark on the post at the northeast angle of the location legibly his name in full, the date of staking, and the letters C.M.L. No. 1 to indicate that the post is coal mining location post No. 1. On the post marking the southeast angle of the location he shall place the letters C.M.L. No. 2 and his initials; on the post marking the southwest angle he shall place the letters C.M.L. No. 3 and his initials; and on the post marking the northwest angle he shall place the letters C.M.L. No. 4 and his initials.

(2) If a corner of the location falls within a ravine, bed of a stream, or other situation where the character of the ground may render the planting of a post impossible, the said corner shall be indicated by the erection at the nearest suitable point a witness post, upon which he shall place the inscription provided for with regard to corner posts, together with the letters W. P., and an indication of the bearing and distance of the site of the corner marked by such witness post.

7. Application for a location shall contain a description of the location applied for, and shall be accompanied by a plan showing the position of such location in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the exact position of the location being definitely shown in the records of the department. The location shall be rectangular in form, except where a boundary of a previously located coal mining location is adopted as common to both locations, and in no case shall the length of the location exceed three times its breadth. Unless definite information is furnished as to the exact position of the location so staked the application for a permit will not be considered.

8. The location shall in all cases be personally staked out by the applicant, who shall within thirty days from the date of location submit his application in person to the mining recorder for the district, or to a sub-recorder for such district for transmission to the recorder. If personal application is not submitted in the manner prescribed within thirty days from the date of staking it shall not be considered.

9. Where two or more persons lay claim to the same location the right to acquire the same shall be in him who can prove that he was the first to make discovery, or to take possession by demarcation in the manner prescribed in these regulations.

10. If application is made by two or more applicants for the same location, no one of whom is the original discoverer, the Minister may invite their competitive tenders.

11. No person shall enter upon for mining purposes or shall mine upon lands owned or lawfully occupied by another, until he has given adequate security to the satisfaction of the mining recorder for any loss or damage which may be thereby caused, and persons so entering, locating, prospecting, or mining upon any such lands, shall make full compensation to the owner or occupant of such lands for any loss or damage so caused.

12. In addition to the rent a royalty at the rate of twenty-five cents per ton of 2,000 pounds shall be levied and collected on the merchantable output of the mine, and such royalty shall be payable to the mining recorder for the district. The person operating a mine shall furnish the mining recorder for the district with sworn returns monthly or at such times as the Minister may direct, accounting for the full quantity of merchantable coal mined, and shall pay the royalty thereon.

13. Default in payment of the royalty or in furnishing returns, if continued for thirty days after notice has been posted at the mine, or conspicuously on the property in respect of which it is demanded by the mining recorder, or by his direction, may be followed by cancellation of the permit.

14. The permit of any person who attempts to defraud the Crown by withholding any part of the royalty or who makes false statements of the amount of the coal taken out, may be cancelled by the Minister.

15. The permittee shall, before opening any mine on the tract described in his permit, and before removing any coal therefrom, notify the mining inspector in writing of his intention to do so, and with a view to conservation, all operations for the recovery of such coal shall be in accordance with instructions given by the Mining Inspector. Failure on the part of the permittee to so notify the mining inspector of his intention to commence operations, or failure to comply strictly with such instructions as may be issued by the Mining Inspector as to the manner in which the location shall be operated, will render the permit subject to immediate cancellation.

16. The mining inspector or other officer or person designated by the Minister shall have the right to enter upon any land acquired under permit, or the workings thereon, to examine all records and books of account of the permittee or operator, and to make such other examination as may be deemed necessary in order to ascertain whether or not the conditions of the permit and the instructions respecting operation are being complied with.

17. The permit shall be returned to the mining recorder on the date specified therein, and for failure to do so the mining recorder may refuse to issue another permit.

18. In isolated portions of the Northwest Territories and Yukon Territory, Indians or Eskimos who apply for permission to mine small quantities of coal for their own use, or for sale to others in their locality, may be granted permission so to do by the mining recorder, or other authorized officer, free of charge, without being required to make application under the provisions of these regulations.

REGULATIONS FOR THE DISPOSAL OF COAL MINING RIGHTS THE PROPERTY OF THE CROWN IN THE NORTHWEST TERRITORIES AND YUKON TERRITORY

1. These Regulations may be cited as the Coal Mining Regulations.

2. In these Regulations,

(*a*) "Coal Mining Location", means a tract of land, containing coal, located or staked in accordance with these regulations.

(*b*) "Locator" means the person who locates or stakes a coal mining location, in the manner prescribed in these regulations.

(*c*) "Minister" means the Minister of Mines and Resources.

(*d*) "Mining Recorder" means the Agent of Dominion Lands for the district, or other officer appointed by the Governor in Council for the purpose referred to.

(*e*) "Year" means a period of twelve consecutive calendar months.

3. The coal mining rights which are the property of the Crown in the Northwest Territories and Yukon Territory, may be leased by the Minister to any person at an annual rental of $1 per acre, payable yearly in advance.

Provided, however, that these regulations shall not apply to school lands or to any land comprised within a National Park of Canada or reserves made by Parliament, or by Order of the Governor in Council, or to land within any incorporated city, town, or village, local administrative district or settlement, unless otherwise specially provided by the Governor in Council.

4. The term of the lease shall be twenty-one years, renewable for a further term of twenty-one years, provided the lessee furnishes evidence, satisfactory to the Minister, to show that during the term of the lease he has complied fully with the conditions of such lease, and with the provisions of the regulations regarding the disposal and operation of coal mining rights which may have been made from time to time by the Governor in Council, and subject to renewal for additional periods of twenty-one years on such terms and conditions as may be prescribed by the Governor in Council.

5. The maximum area of a coal mining location shall be 2,560 acres, and no person shall be permitted to acquire more than one location, except by assignment:

Provided that a person who has been granted a lease for a location, and who subsequently abandons or assigns the same, may, after the expiration of twelve months from the date of the said lease, be permitted to secure another location.

Provided, further, however, that such right of relocation shall not be granted unless all payments on account of rent, royalty, or other liability to the Department, due by such person, have been fully made up to the date of the registration by the Department of the assignment of his right to such lease, or up to the date upon which the notice of his abandonment of the same was received by the Department.

6. Application for a coal mining location shall be filed by the locator in person with the mining recorder for the district in which the location is situated within thirty days from the date upon which the location applied for was staked in accordance with section seven (7) of these regulations. If, however, the location is distant more than one hundred miles from the office of the mining recorder, the locator shall be allowed one additional day for each ten miles, or fraction thereof, in excess of one hundred miles. If the application is not filed within the time prescribed, it shall not be considered.

7. (1) Application for a location shall be in duplicate and shall contain a description by metes and bounds of the location applied for, and shall be accompanied by a plan in duplicate showing the position of such location in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the position of the location applied for being definitely shown in the records of the Department. The location must be rectangular in form, except where a boundary of a previously located tract is adopted as common to both locations, the length not to exceed four times the breadth.

(2) The application shall be accompanied by evidence, supported by affidavit of the locator, to show that the following requirements have been fully complied with:—

(*a*) That the location applied for has been defined on the ground by the locator in person by planting two wooden posts, at least four inches square and standing not less than four feet above the ground—such posts being numbered "1" and "2" respectively. The distance between post No. "1" and post No. "2" shall not exceed 21,120 feet and upon each post shall be inscribed the name of the locator and the

date of the locations. Upon post No. "1" there shall be written in addition to the foregoing, the words "Initial Post", the approximate compass bearing of post No. "2", and a statement of the number of feet lying to the right and to the left of the line between post No. "1" and post No. "2" thus: (Initial post, direction of post No. "2" is. . . . feet lie to the right and . . . . feet to the left of the line between post No. "1" and post No. "2").

When the tract which an applicant desires to lease has been located, he shall immediately mark the line between post No. "1" and post No. "2", so that it can be distinctly seen, in a timbered locality, by blazing trees and cutting underbrush, and in a locality where there is neither timber nor underbrush he shall set posts of the above dimensions or erect mounds of earth or rock not less than two feet high and two feet in diameter at the base in such a manner that the line may be distinctly seen.

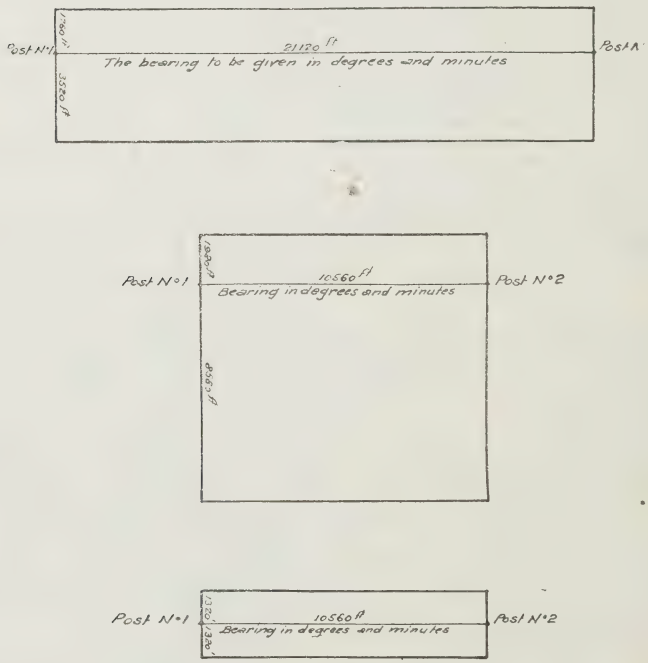
(*b*) All the particulars required to be inscribed on posts No. "1" and No. "2" shall be set out in the application and shall be accompanied by a plan showing the position of the tract in its relation to some prominent topographical feature or other known point, such plan to contain sufficient data to admit of the location being shown definitely on the records of the Department.

(*c*) The locator shall post a written or printed notice on a conspicuous part of the location applied for, setting out his intention to apply within thirty days from the date of such notice for a lease of the coal mining rights under the said location.

(For purposes of illustration, the following diagrams are given to show the manner in which coal mining locations may be laid out in unsurveyed territory.)

DIAGRAM SHOWING MODE OF STAKING

A location should be staked along its greatest dimension.



8. Where two or more persons lay claim to the same location, or to portions of the same locations, the right to acquire a lease shall be in him who can prove to the satisfaction of the Minister that he was the first to take possession of the tract in dispute by demarcation in the manner described in these regulations, and that he made application for a lease thereof within the specified time.

9. The lessee shall commence active operations on his leasehold within one year from the date upon which he may be notified by the proper officer of

the Department to do so, and shall produce from such operations the quantity of coal specified in the said notification. Such notification shall not be given until the expiration of at least one year from the date of the lease, and shall set out the quantity of coal which the lessee is required to mine and produce at the pit's mouth ready for shipment, which quantity, however, may be increased from time to time, upon thirty days' notice to that effect being given to the lessee, but in no case shall the maximum quantity required to be mined exceed ten tons per annum for each acre leased. In case operations are not commenced within the time specified in the notice, or if the required quantity of coal is not mined during each year, the lease shall be subject to cancellation in the discretion of the Minister.

10. The lessee shall not assign, transfer or sublet the rights described in his lease, or any part thereof, without the consent in writing of the Minister being first had and obtained.

11. (1) The boundaries beneath the surface of coal mining locations shall be the vertical planes or lines in which their surface boundaries lie.

(2) The Lessee, however, shall not mine or excavate any coal within sixty feet from the boundary lines of the location which may be leased to him, and the rights and privileges granted under the lease shall not extend to the mining of any coal which lies within sixty feet from the said boundary lines, nor shall the lessee make or suffer to be made any opening underground into any adjoining lands through the said barrier of sixty feet which it is intended shall remain as a protection from water accumulating and from fire occurring in the mine which may be opened on the location, or in mines adjacent thereto, as well as for the prevention of subsidence.

12. All leases of coal mining rights issued under these regulations shall be subject to the provision that actual settlers shall be entitled to buy at the pit's mouth whatever coal they may require for their own use, but not for barter or sale, at a price not to exceed $5 per ton, and the lease issued for coal rights shall be made subject to such provision.

13. The lease shall be in such form as may be determined by the Minister, in accordance with the provisions of these regulations.

14. A fee of $5 shall accompany each application for a lease, which will be refunded if the rights applied for are not available, but not otherwise.

15. The applicant for a lease of coal mining rights shall be given a period of thirty days from the date of the receipt of his application within which to pay to the mining recorder for the district the full amount of the rental for the first year of the term of the lease at the rate of one dollar an acre. If the rental is not received within the time specified, the application shall absolutely lapse, and the rights applied for shall again become available for other disposition in the discretion of the Minister. The lease, if issued, shall bear date the day upon which the application was granted.

16. In isolated portions of the Northwest Territories and Yukon Territory, Indians or Eskimos who apply for permission to mine small quantities of coal for their own use, or for sale to others in their locality, may be granted permission so to do by the mining recorder, or other authorized officer, free of charge, without being required to make application under the provisions of these regulations.

17. If during the term of the lease the lessee shall fail to pay the rental in advance for each subsequent year, at the rate of one dollar ($1) an acre per annum, within thirty days after the date upon which the same became due, the lease shall be subject to cancellation in the discretion of the Minister and to the immediate forfeiture of all the rights granted thereunder.

Provided that if at any time after a lease has been cancelled through failure to pay the prescribed rental, the person in whose favour the lease stood recorded on the date of cancellation applies to the mining recorder for the district for re-instatement in the rights which he formerly had to such lease, and tenders the full amount of the rental which should have been paid to maintain the lease in good standing, with interest, such person may be re-instated in the right which he formerly had to the location sought to be re-acquired, or to any portion thereof, which may still be available.

18. If the surface rights thereof have been patented or have been disposed of by the Crown under any Act or regulation which contemplates the issue of patent, or if the surface rights have been disposed of temporarily under a terminable grant, the Minister may, in consideration of the expenditure to be incurred by the locator on the tract leased, in prospecting operations and upon application to that effect being filed with the mining recorder, of the district in which the location is situated, waive the payment of the rental for the first and the second years of the term of the lease, subject to the following conditions:—

(*a*) Each such application shall be accompanied by a fee of one hundred dollars ($100) which amount will be deducted from the expenditure which the locator shall be required to incur in prospecting operations on his leasehold during the first year of the term of his lease. Such fee shall be refunded to the locator if the application is not granted.

(*b*) Subject to the deduction of the one hundred dollar fee, as provided in the foregoing subsection (*a*), the locator shall expend in actual prospecting operations upon his leasehold by recognized methods, during each of the first and the second years of the term of his lease, the sum of not less than one dollar ($1) for each acre of the total area of his location, and shall, prior to the termination of each of the said two years submit evidence, satisfactory to the agent, supported by affidavit, to show that he has incurred the required expenditure in actual prospecting operations, by recognized methods, on the tract covered by his location. If the lessee fails to submit such evidence in the manner prescribed, the lease shall be subject to cancellation in the discretion of the Minister and to the immediate forfeiture of all the rights granted thereunder.

19. In addition to the rent a royalty per ton of two thousand pounds at such rate as may from time to time be prescribed by Order of the Governor General in Council shall be levied and collected on the merchantable output of the mine, and such royalty shall be payable monthly to the mining recorder from the date upon which operations may be commenced. The person operating a mine shall furnish the mining recorder with sworn returns monthly, or at such times as the Minister may direct, accounting for the full quantity of merchantable coal mined.

20. Every lessee of coal mining rights which are not being operated shall furnish the mining recorder with a sworn statement to that effect at least once in each year.

21. If default is made in payment of royalty payable under a lease or in furnishing the returns and

continued for thirty days after notice has been posted at the mine or conspicuously on the property in respect of which it is demanded by the mining recorder or his direction, or if any attempt is made to defraud the Crown by withholding the royalty or any part thereof payable under that lease, or if false statements are made concerning the amount of coal taken from the lands described in that lease, the lease may be cancelled by the Minister and his decision shall be final.

22. A mining recorder or any person designated by him shall have the right to enter upon any land comprised within a coal mining location, or the workings therein; to examine all records and books of account of the lessee or operator of such mining location, and to make such other examination as may be deemed necessary in order to ascertain whether or not the terms of the lease for such location are being duly complied with.

23. The lease shall in all cases include the coal mining rights only, the property of the Crown, but the lessee may, upon application, be granted a yearly lease at a rental of $1 per acre per annum, payable yearly in advance, of whatever area of the available surface rights of the tract described in the coal mining lease the Minister may consider necessary for the efficient and economical working of the rights granted under such lease.

24. In case the surface rights of a coal mining location are covered by a timber licence, grazing or petroleum lease, mining claim or other form of terminable grant which does not contemplate the issue of patent, the lease shall not authorize entry thereon unless the permission of the Minister is first had and obtained, and such permission shall be given subject to such conditions for the protection of the rights of such lessee or licensee as it may be considered necessary to impose.

25. (1) In case the surface rights of a coal mining location have been patented, or have been disposed of by the Crown under any Act or regulation which contemplates the earning of patent for such surface rights, and the lessee of the coal mining rights cannot make an arrangement with the owner of the surface rights, or his agent, or the occupant thereof, for entry upon the location, or for the acquisition of such portion of the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his lease, he may, provided the mineral rights in the land affected, with access thereto, and the right to use and occupy such portion of the said land as may be necessary for the effectual working of the minerals therein, have been reserved to the Crown in the original grant of the surface rights, apply to the Minister for permission to submit the matter in dispute to arbitration. Upon receiving such permission in writing, it shall be lawful for the lessee to give notice to the owner, or his agent or the occupant, to appoint an arbitrator within a period of sixty days from the date of such notice, to act with another arbitrator named by the lessee, in order to determine what portion of the surface rights the lessee may reasonably acquire:

(*a*) For the efficient and economical operation of the rights and privileges granted him under his lease;

(*b*) The exact position thereof;

(*c*) The amount of compensation to which the owner or occupant shall be entitled has already been paid, he may apply such payment or such portion thereof as to him seems reasonable, on account of future payments of the rental of any leasehold included in the location, such expenditure, however, not to be accepted as payment of rental during a greater period than five years of the term of the leases.

(2) The notice mentioned in this section shall be according to a form to be obtained upon application to the mining recorder for the district in which the land in question is situated, and shall, when practicable, be personally served on the owner of such land, or his agent, if known, or the occupant thereof, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served by leaving it at, or sending it by registered mail, to the last known place of abode of the owner, agent or occupant, and by posting a copy of the same in the office of the mining recorder for the district in which the land in question is situated. Such notice shall be served, if the owner, or his agent, resides in the mining district in which the land is situated, ten days, if out of the mining district and in the territory twenty days, and if out of the territory thirty days, before the expiration of the time limited in such notice. If the owner, or his agent, or the occupant of the land, refuses or declines to appoint an arbitrator, or when for any reason, no arbitrator is so appointed in the time limited therefore in the notice provided for by this section, the mining recorder for the district in which the land in question is situated shall forthwith, on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent, or occupant, or that such owner, agent, or occupant wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode of such owner, agent, or occupant, as above provided, appoint an arbitrator on his behalf.

26. In case the two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator, select a third arbitrator, and when such two arbitrators cannot agree upon a third arbitrator, the mining recorder for the district in which the land in question is situated shall forthwith select such third arbitrator.

27. All the arbitrators appointed under the authority of these regulations shall be sworn before a Justice of the Peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee, they shall decide as to the particular portion of the surface rights which the latter may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the owner or occupant shall be entitled.

28. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

29. The award of any two such arbitrators made in writing shall be final, and shall be filed with the mining recorder for the district in which the land is situated, within twenty days from the date of the appointment of the last arbitrator. Upon the order of the Minister the award of the arbitrators shall immediately be carried into effect.

30. The arbitrators shall be entitled to be paid a per diem allowance of $10, together with their necessary travelling and living expenses while engaged in the arbitration, and the costs of such arbitration shall be borne by the lessee.

31. Where a coal mining location comprises adjoining lands included in one or more leases, acquired

by assignment or otherwise under the provisions of these regulations, recorded in the name of one lessee, and situated more than ten miles from a railway when the leases were issued, and where the lessee of such location can show that he has expended in actual prospecting and developing operations on the location by recognized methods during any year prior to railway communication with the location having been established, an amount equal to or in excess of the prescribed yearly rental of such location, the Minister, upon proof satisfactory to him showing that such expenditure was incurred for the purpose and in the manner specified on one or more of the leaseholds comprising the location, may waive payment of the rental for the year of the term during which such expenditure may be shown to have been incurred, or in case the rental has already been paid, he may apply such payment or such portion thereof as to him seems reasonable, on account of future payments of the rental of any leasehold included in the location, such expenditure, however, not to be accepted as payment of rental during a greater period than five years of the term of the leases.

32. The lessee shall, before opening any mine on the lands described in the lease, and before extracting any coal therefrom, submit to the Minister plans and specifications showing in detail the manner in which it is proposed to open up, develop and operate such mine, and if the location contains more than one seam of coal, detailed information shall be furnished as to the particular seam which it is proposed to develop. No work shall be commenced for the recovery of coal, and no coal shall be extracted until such plans and specifications have been approved by the proper officer of the Department. The procedure to be adopted in opening up and operating a mine on the lands leased, as well as the particular seam of coal which shall first be operated, shall at all times be in accordance with the provisions of regulations duly approved by the Minister, and failure to comply with the requirements of such regulations shall render the lease subject to cancellation in the discretion of the Minister.

33. The fees to be charged in connection with the administration of these regulations shall be as follows:—

Application fee	$ 5.00
Additional application fee under Section 18	100.00
Annual rental per acre—coal mining rights	1.00

(*c*) Any Department of the Government of Canada to cut such quantities of timber as may be required for its own use. In the case of a permit issued to any Department of the Government of Canada, a permit fee shall not be required.

Commercial Permits

21. (1) Subject to the approval of the Director, a Timber Agent may issue a permit for commercial

purposes to the owner of a sawmill to cut timber for the manufacture of lumber and other products or to any person to cut timber in excess of one hundred (100) cords subject to the payment of a permit fee of $1, annual ground rental at the rate of $100 per square mile, dues as set out in the Schedule hereto, and the performance of the conditions stated in the permit, the Dominion Lands Act and these Regulations.

27. Where the permittee is a sawmill owner, he shall maintain his sawmill in such condition that the lumber sawn from the timber cut under the authority of his permit, is manufactured to a standard satisfactory to the Superintendent, and if he fails to do so after thirty days' notice in writing, the Director may cancel the permit.

28. (1) When in the opinion of the Minister, it is desirable in the public interest to dispose of rights to cut timber in an area by competition, the local Timber Agent shall, on instructions from the Director, post notices in post-offices in the vicinity of such area and invite tenders.

The holder of any mineral claim by entry or lease located on vacant Dominion Lands shall be entitled to cut without permit and free of dues such of the timber on his claim or such portion thereof as may be necessary for the working of his claim, but not for barter or sale provided that the rights to cut such timber have not already been granted and disposed of prior to the date of entry of the mineral claim. (2) The cut of timber on any working circle, in any year or period of years, shall be restricted in amount to the estimated growth for the year or period subject to such adjustments as the Superintendent may find necessary to increase or decrease the total amount of growing stock in order to convert from an unregulated forest to a managed forest.

(3) The forest working plan shall make provision for the regeneration of the forest during or after cutting, either by natural or artificial means, and shall specify the silvicultural cutting method or methods and the conditions under which each shall apply; the length of the rotation age for each class of forest in the working circle; the location and estimated amounts of timber to be cut during the next ten years; and any other relevant information considered necessary for the proper management of the working circle.

(4) The working plan for each Forest Working Circle shall be revised every ten years.

CHAMBER OF THE SENATE

OTTAWA, Friday, December 5, 1947

THIS day at three o'clock, p.m., His Excellency the Governor General proceeded to the Chamber of the Senate in the Parliament Buildings, and took his seat upon the Throne. The Members of the Senate being assembled, His Excellency the Governor General was pleased to command the attendance of the House of Commons, and that House being present, His Excellency the Governor General was pleased to declare the causes for the summoning of the Fourth Session of the Twentieth Parliament of Canada with the following Speech:

Honourable Members of the Senate:
Members of the House of Commons:

Conditions throughout the world continue to be difficult and disturbing. The dislocations resulting from the ravages of war have become increasingly apparent. In Europe production has made only a partial recovery. In Asia, over large areas, active fighting continues. Shortages of the necessities of life, particularly of food, are still acute. In many countries, political and social unrest is serious. Failure to agree on peace settlements with Germany and Austria is preventing the recovery of Europe.

Canada was recently represented at a meeting of the nations of the Commonwealth in Canberra. Problems related to the peace settlement in the Pacific were discussed in an exploratory manner. The Government has welcomed the initiative of the United States in proposing an early conference on the Peace Treaty with Japan.

The Canadian delegation to the General Assembly of the United Nations took an active part in its proceedings. Canada was elected to a seat on the Security Council. Canada was also represented on the United Nations Special Committee on Palestine. Support of the Charter of the United Nations remains an essential feature of Canada's foreign policy.

While unsettled conditions still prevail in Europe and Asia, Canada has continued to enjoy general prosperity. Employment and national income have reached levels never before attained. Our country has not been unaffected, however, by the problems and difficulties of other countries. Many nations with which we trade have been unable to restore their full productive capacity. Their consequent inability to increase their exports in sufficient measure to pay for their imports has greatly complicated Canada's foreign exchange position.

A permanent solution of our exchange problems and the future well-being of the nation depend upon the revival of world trade. An important step forward in this direction has been the successful conclusion of the recent discussions at Geneva. A positive achievement was the conclusion of trade agreements with eighteen other nations. You will be asked to approve these agreements. Canada is now represented at the United Nations Trade Conference in Havana, which it is hoped will result in the establishment of an International Trade Organization along lines agreed to at Geneva. The Trade agreements and the establishment of an International Trade Organization will provide a sound foundation for the expansion of world commerce, production and employment.

Provision of a temporary character has been made to conserve and supplement Canada's reserves of United States dollars. The measures recently announced to deal with the various aspects of the immediate foreign exchange difficulty will be submitted for your approval.

The present shortage of United States dollars will necessarily limit Canada's capacity to render further economic assistance to other countries. Canada, nevertheless, remains one of the few great producing countries with capacities unimpaired by the war. It is deeply gratifying that our country has been able to play so large a role in rendering assistance to war-devastated lands. In proportion to population, Canada's record has not been equalled by any other country. In the effort to further the great task of world recovery, Canada will continue, so far as is possible, to apply the principle of mutual assistance. Further assistance must, however, take into account the exchange difficulties which have arisen.

My Government has progressively removed the controls made necessary by war. To meet a continuing need for some controls, you will be asked to approve an address praying that certain orders and regulations covered by the Continuation of Transitional Measures Act, 1947, which will terminate on December 31, be continued in force for a further period.

Due to the gradual and orderly procedure that has been followed in the removal of controls, such increases in prices as have occurred have been less than would otherwise have been the case. My Ministers are concerned with increases in prices which have added to the cost of living. In certain instances, increases were felt to have been unjustified and price ceilings have been restored. Officials in the departments of government most immediately concerned have been directed to keep under constant supervision conditions of production and supply which tend to raise the level of consumer prices.

The demand for the products of our primary industries generally continues to remain at high levels. In view of the price fixed for the 1948-49 crop year under the Wheat Agreement with the United Kingdom, you will be asked to consider a measure to provide for an increase in the initial payment to producers.

Despite the continuing scarcity of certain supplies and high building costs, a greater number of houses are being completed this year than in any previous year. You will be asked to consider plans for a low rental housing project for veterans.

A measure similar to the one introduced at the last session of Parliament to provide more effective machinery for the adjustment of differences between employers and employees will be submitted for your consideration.

The demobilization of the wartime forces of Canada was concluded in September. Steps are being continued to co-ordinate the organization and administration of the three armed services. A measure to consolidate all statutes relative to defence will be laid before you.

The Fisheries Prices Support Board, the Dominion Coal Board, and the Maritime Commission authorized by legislation have been duly constituted.

Measures to which your attention will be directed include Bills to revise the Income Tax Law, the Dominion Elections Act and the Canada Shipping Act. Bills relating to veterans will also be brought before you.

It is the intention of the Government to recommend the reappointment of the Select Joint Committees on Human Rights and Fundamental Freedoms, and on the revision of the Indian Act.

Lenthy discussions between a delegation from the National Convention of Newfoundland and a Committee of Members of the Government have been held to explore the possibility of finding a mutually acceptable basis for the union of Newfoundland with Canada. The Government has announced terms which it believes to be a fair and equitable basis for union should the people of Newfoundland desire to enter into Confederation.

The marriage of Her Royal Highness the Princess Elizabeth has been the occasion of widespread rejoicing. To Her Royal Highness the Princess Elizabeth and to His Royal Highness the Duke of Edinburgh, the people of Canada extend all good wishes for their future happiness.

Members of the House of Commons:

The public accounts for the last fiscal year and the estimates for the coming year will be laid before you.

You will be asked to make financial provision for all essential services.

Honourable Members of the Senate:
Members of the House of Commons:

May Divine Providence continue to bless this nation, and to guide the Parliament of Canada in all its deliberations. 50-1

SÉNAT

Avis de bills privés

107. Toute demande adressée au Parlement pour obtenir un bill privé doit être annoncée par avis publié dans la *Gazette du Canada;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et désigner l'adresse des signataires; et si la demande a pour objet l'obtention d'une loi en constitution de corporation, l'avis doit aussi mentionner le nom de la compagnie dont la constitution est projetée.

Outre l'avis dans la *Gazette du Canada,* comme susdit, pareil avis doit être donné de la façon suivante:

(A) Lorsque la demande a pour objet l'obtention d'une loi constituant en corporation:

1. *Une compagnie de chemin de fer ou de canal*—dans un des principaux journaux de la principale cité, ville ou village de chaque comté ou district par où doit passer le chemin de fer ou le canal dont la constitution est projetée;

2. *Une compagnie de télégraphe ou de téléphone*—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire dans lequel la compagnie se propose d'exercer des opérations;

3. Une compagnie ayant pour objet *l'exécution d'entreprises* dont l'exécution ou l'exploitation pourrait spécialement affecter une localité particulière, ou cherchant à obtenir des *droits ou privilèges exclusifs*, ou voulant accomplir toute affaire ou chose dont l'accomplissement affecterait les droits ou propriétés d'autrui—dans un des principaux journaux de l'endroit ou des endroits particuliers que le projet de loi peut affecter;

4. *Une compagnie de banque; compagnie d'assurance; compagnie fiduciaire; compagnie de prêt* ou *compagnie industrielle*, sans pouvoirs exclusifs—dans la *Gazette du Canada* seulement;

5. Et si les entreprises d'une compagnie (constituée ou à constituer) doivent être déclarées d'utilité publique au Canada, cette intention doit être expressément mentionnée dans l'avis, et les requérants doivent adresser une copie de cet avis, sous pli recommandé, au secrétaire de chaque conseil de comté et de chaque corporation municipale pouvant être particulièrement affectée par l'exécution ou l'exploitation de ces entreprises, ainsi qu'au secrétaire de la province dans laquelle des entreprises sont ou peuvent être situées; et la preuve de l'observation de cette prescription par les requérants doit être établie par une déclaration statutaire.

(B) Lorsque la demande a pour objet de modifier une loi existante:

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient—l'avis doit être le même *mutatis mutandis* que celui pour l'obtention d'une loi constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres entreprises déjà autorisées—dans un des principaux journaux de l'endroit où la compagnie a ou est autorisée à avoir son siège social;

3. Afin d'élargir les pouvoirs d'une compagnie (sans comporter attribution de droits exclusifs); d'accroître ou de réduire le capital social d'une compagnie; ou d'augmenter ou modifier son pouvoir d'émettre des obligations ou ses autres pouvoirs d'emprunt; ou de présenter un amendement pouvant porter atteinte aux droits ou aux intérêts des actionnaires, des détenteurs d'obligations ou des créanciers de la compagnie—dans un des principaux journaux du lieu de son siège social.

(C) Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, doivent être publiés au moins une fois par semaine pendant quatre semaines consécutives; et lorsqu'ils sont publiés dans les provinces de Québec et du Manitoba, ils doivent être en langues anglaise et française.

Des exemplaires marqués de chaque numéro de tous les journaux contenant l'avis doivent être adressés au greffier du Sénat et porter la mention: "Avis de bill privé"; au lieu des journaux, une déclaration statutaire attestant que l'avis a été régulièrement publié peut être adressée au greffier du Sénat.

Tout avis adressé sous pli recommandé doit être mis à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale deux semaines au moins avant l'examen de la pétition par le comité des ordres permanents; et une déclaration statutaire établissant le fait de la mise à la poste doit être transmise au greffier du Sénat.

108. Nulle pétition demandant la constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, ne doit être étudiée par le comité des ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé de l'entreprise, ainsi que chaque comté, canton, district ou municipalité par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement dont la construction est projetée.

110. Toute pétition tendant à obtenir un bill privé ne sera reçue par le Sénat que si elle a été déposée chez le greffier du Sénat au cours des six premières semaines de la session; et tout bill privé introduit au Sénat doit être présenté au Sénat dans un délai de deux semaines après que l'examinateur des pétitions ou le comité des ordres permanents aura fait un rapport favorable à la pétition se rapportant à ce bill; et aucune motion demandant la suspension du présent ordre permanent ne sera prise en considération à moins que le comité des ordres permanents n'ait au préalable présenté un rapport recommandant pareille suspension.

114. Toute personne qui désire présenter un bill privé doit remettre au greffier du Sénat, s'il est projeté que le bill prenne naissance au Sénat, une copie du bill en anglais ou en français, avec un montant suffisant pour en payer la traduction, laquelle sera faite par les fonctionnaires du Sénat; elle doit aussi payer les frais d'impression de 600 exemplaires anglais et de 200 exemplaires français. Le requérant doit pareillement verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant sa mise à l'étude par le comité auquel il est renvoyé, la somme de deux cents dollars avec les frais d'impression de la loi pour l'incorporer dans les Statuts; et il doit remettre au greffier de ce comité un reçu de ce versement.

La taxe à acquitter lors de la deuxième lecture d'un bill n'est payée qu'à la Chambre où le bill est présenté.

Modèle d'un bill amendant une loi

60A.—(1) Dans la confection des bills amendant des textes législatifs existants, les amendements ne doivent pas ordinairement être effectués au moyen de clauses qui ajoutent, retranchent ou remplacent des mots, mais au moyen de clauses qui réédictent l'article, le paragraphe ou la disposition, telle qu'amendée.

(2) Dans le texte du bill, sur la page de gauche, le nouveau texte doit être indiqué par les signes typographiques les plus appropriés à chaque cas; crochets, italique, texte souligné, astérisques, etc. En regard de chaque clause, sur la page de droite, le texte amendé par le bill, ou la partie importante de ce texte doit être imprimée, et les changements projetés doivent y être indiqués de la manière prévue ci-dessus.

(3) Lorsqu'une clause abroge un article existant, un paragraphe ou une autre disposition d'un article, cet article, ce paragraphe ou cette autre disposition, ou la partie qui en est importante, doit être imprimé en regard de la clause.

(4) Un mémoire du rédacteur expliquant brièvement les motifs de chaque clause doit être annexé au bill, ou distribué avec le bill. Lorsque possible, le mémoire doit être imprimé sur la page de droite du bill, en paragraphes placés en regard des clauses visées, et portant un numéro correspondant.

(5) Les règles ci-dessus s'appliquent, autant que possible, à la réimpression des bills.

L. C. MOYER,
Greffier du Sénat.

L'article, le paragraphe ou alinéa que les auteurs veulent faire abroger, ou encore ce qu'il renferme d'essentiel, doit être imprimé sur la feuille du côté droit en regard de ce même article, paragraphe ou alinéa.

(4) Lorsqu'un bill privé tend à abroger un article, paragraphe ou autre partie d'un article, cet article, ce paragraphe ou cette autre partie, ou encore ce qui s'y trouve d'essentiel, doit être imprimé en regard de l'article du bill.

(5) Une note établissant brièvement l'objet d'une disposition d'un caractère exceptionnel ou dont la teneur s'écarte des dispositions du bill-type ou des articles servant de modèle, doit être imprimée en regard de l'article du bill.

CHAMBRE DU SÉNAT

OTTAWA, vendredi le 5 décembre 1947.

CE jourd'hui, à trois heures de relevée, Son Excellence le Gouverneur général est venu à la Chambre du Sénat, dans l'Hôtel du Parlement, et a pris place au Trône. Les membres du Sénat étant assemblés, il a plu à Son Excellence le Gouverneur général d'ordonner à la Chambre des communes d'être présente, et, cette Chambre étant présente, il a plu à Son Excellence le Gouverneur général d'exposer, dans le discours suivant, les motifs de la convocation de la quatrième session du vingtième Parlement du Canada.

Honorables membres du Sénat,
Membres de la Chambre des communes,

Dans le monde entier, la situation reste difficile et inquiétante. Les bouleversements consécutifs aux ravages de la guerre se sont révélés de plus en plus clairement. En Europe, la production ne se relève qu'en partie. En Asie, on continue de se battre sur de vastes étendues. Une disette aiguë de denrées indispensables, de vivres surtout, sévit encore. En plusieurs pays, règne un grave malaise politique et social. Les désaccords qui empêchent la conclusion de traités de paix avec l'Allemagne et l'Autriche mettent obstacle au rétablissement de l'Europe.

Le Canada s'est fait représenter récemment à une réunion des nations du Commonwealth tenue à Canberra. On y a abordé les préliminaires de la paix dans le Pacifique. Le Gouvernement a accueilli favorablement l'initiative que les Etats-Unis ont prise de proposer la tenue prochaine d'une conférence à l'égard du traité de paix avec le Japon.

La délégation du Canada à l'Assemblée générale des Nations Unies a pris une part active aux délibérations. Le Canada a obtenu, par élection, un siège au Conseil de sécurité. Le Canada a également fait partie de la Commission spéciale des Nations Unies pour la Palestine. L'appui que nous donnons à la Charte des Nations Unies reste un aspect essentiel de la politique étrangère du Canada.

Alors que le bouleversement règne encore en Europe et en Asie, le Canada a continué de jouir d'une prospérité générale. L'emploi et le revenu national ont atteint un niveau inconnu auparavant. Toutefois, le Canada n'a pas échappé au contre-coup des problèmes et difficultés qui se posent ailleurs. Plusieurs pays avec lesquels nous commerçons n'ont pu rétablir leur productivité à son niveau maximum. L'incapacité où, en conséquence, ils se trouvent d'accroître suffisamment leurs exportations pour payer leurs importations, a sensiblement compliqué la situation du change étranger au Canada.

La solution permanente de nos problèmes en matière de change et le bien-être futur de la nation dépendent de la reprise du commerce international. Le succès des récents pourparlers de Genève a marqué un notable progrès en ce sens. La conclusion d'accords commerciaux avec dix-huit autres nations constitue une réalisation concrète. Vous serez priés d'approuver ces accords. Le Canada est représenté à la Conférence du commerce des Nations Unies qui se tient maintenant à La Havane, et qui, espère-t-on, aboutira à la création d'une organisation internationale du commerce, selon les modalités convenues à Genève. Les accords commerciaux et l'établissement d'une organisation internationale du commerce fourniront un solide fondement à l'expansion du commerce, de la production et de l'emploi dans le monde.

Des dispositions d'ordre provisoire sont intervenues afin de préserver et d'accroître les réserves de dollars des Etats-Unis que possède le Canada. Les mesures récemment rendues publiques, et ayant pour objet de parer aux divers aspects de la difficulté immédiate en matière de change étranger, seront soumises à votre approbation.

La pénurie actuelle de dollars des Etats-Unis restreindra nécessairement la faculté qu'a le Canada d'assurer une aide économique supplémentaire à d'autres pays. Néanmoins, le Canada demeure l'un des rares grands pays producteurs dont la guerre n'a pas diminué la productivité. C'est une cause de satisfaction profonde que notre pays ait pu jouer un rôle si important par l'assistance qu'il a fournie aux contrées dévastées par la guerre. Compte tenu du chiffre de la population, aucun autre pays n'a égalé les réalisations du Canada. Au cours de l'effort tendant à faciliter l'exécution de la grande tâche du rétablissement mondial, le Canada continuera, autant que possible, à appliquer le principe de l'assistance mutuelle. Toutefois, l'aide supplémentaire devra tenir compte des difficultés qui se sont produites dans le domaine du change.

Mon Gouvernement a graduellement supprimé les régies que la guerre avait rendues nécessaires. Vu la nécessité de maintenir certaines régies, vous serez invités à approuver une Adresse visant à proroger de nouveau certains décrets et règlements énumérés dans la loi de 1947 sur l'extension des mesures transitoires, qui expirera le 31 décembre.

Grâce à la façon de procéder, graduelle et ordonnée, qui a été suivie pour la suppression des régies, les augmentations de prix qui se sont produites n'ont pas atteint l'importance qu'elles auraient eue dans le cas contraire. Mes Ministres se préoccupent des hausses de prix qui ont accru le coût de la vie. Dans certains cas, où l'on jugeait les augmentations injustifiées, on a rétabli le plafond des prix. Les fonctionnaires des départements de l'administration les plus immédiatement intéressés ont reçu instruction de surveiller sans relâche les conditions de la production et de l'approvisionnement qui tendent à hausser le niveau des prix exigés des consommateurs.

Dans l'ensemble, les produits de nos industries primaires font encore l'objet d'une forte demande. A cause du prix établi pour la campagne agricole 1948-1949, en vertu de l'accord sur le blé conclu avec le Royaume-Uni, il vous sera demandé d'étudier une mesure permettant d'augmenter le paiement initial versé aux producteurs.

En dépit de la pénurie persistante de certains matériaux et des frais élevés de la construction, un plus grand nombre d'habitations seront achevées cette année que dans toute année antérieure. Vous serez invités à étudier des plans relatifs à la construction d'habitations à bas loyer, à l'usage des anciens combattants.

On soumettra à votre examen une mesure analogue à celle qui a été déposée lors de la dernière session du Parlement et ayant pour objet de pourvoir à l'établissement de rouages plus efficaces en vue du règlement des différends entre employeurs et employés.

La démobilisation des troupes canadiennes du temps de guerre a pris fin en septembre. On continue d'appliquer les mesures visant à coordonner l'organisation et l'administration des trois armes. Vous serez saisis d'un projet de codification de toutes les lois afférentes à la défense.

L'Office de soutien des prix des pêcheries, l'Office fédéral du charbon et la Commission maritime, dont l'établissement avait été autorisé par la loi, ont été dûment constitués.

Parmi les mesures qu'on soumettra à votre attention figurent des projets de loi relatifs au remaniement de la loi de l'impôt sur le revenu, de la loi des élections fédérales et de la loi de la marine marchande du Canada. Vous serez également saisis de certains bills afférents aux anciens combattants.

Le Gouvernement a l'intention de recommander le rétablissement des Comités mixtes spéciaux chargés, pour l'un, d'étudier les droits de l'homme et les libertés fondamentales, et, quant à l'autre, les amendements à apporter à la loi des Indiens.

Des pourparlers prolongés ont eu lieu entre une délégation de la Convention nationale de Terre-Neuve et un comité composé de membres du Gouvernement en vue d'étudier la possibilité de trouver un terrain d'entente relativement à l'union de Terre-Neuve au Canada. Le Gouvernement a fait part de conditions qui, à son avis, pourraient servir de fondement juste et équitable à cette union, au cas où la population de Terre-Neuve désirerait entrer dans la Confédération.

Le mariage de Son Altesse Royale la princesse Elizabeth a donné lieu à de grandes réjouissances. La population du Canada offre ses meilleurs vœux de bonheur à Son Altesse Royale la princesse Elizabeth et à Son Altesse Royale le duc d'Edimbourg.

Membres de la Chambre des communes,

Les comptes publics de la dernière année financière et les crédits de l'année prochaine vous seront présentés.

Vous serez invités à prendre des dispositions financières en vue d'assurer tous les services essentiels.

Honorables membres du Sénat,
Membres de la Chambre des communes,

Puisse la divine Providence continuer de bénir la nation canadienne et de guider le Parlement du Canada dans toutes ses délibérations. **50-1**
